What's New In This Release

N/A

Known Issues and Limitations

- **This Omnipass version does not support direct upgrade from the older Omnipass 7.x.x versions. The user has to uninstall the 7.x.x version of Omnipass and the Authentec Fingerprint Software before installing this version.**
- Windows 8 Modern Explorer password entering is not supported.

Installation and Configuration Instructions

To install this version update, perform the following steps:
1. Download this update to the directory location of your choice.
2. Unzip the file to a location on your local drive.
3. Back up your existing OmniPass profile (see OmniPass Help for details).
4. Uninstall your previous version of Omnipass (required).
5. Uninstall Authentec Fingerprint Software (required).

6. Reboot so that the uninstallation can take effect.
7. Double-click the installer (setup.exe) and follow the prompts.
8. Import your profile after the software is installed (see OmniPass Help for details).
