## Version Information

Below Table contains important information on versions

Description	Version
Product Build Number	13-28-04.00-TG-U00-STD-ATH-04
Android Version	13
Security Patch level	March 01, 2024
Component Versions	Please see Component Versions under Addendum section

## Device Support

The products supported in this release are ET65 product.

Please see device compatibility details under Addendum Section.

## Known Constraints

- Delta OTA packages are not supported in Recovery mode. To apply Delta OTA packages, use StageNow/MDM solution.
- Staging via NFC is not supported.
- DHCP Option 119 feature is currently not supported in this release. Zebra is working on enabling these 2 features in future Android 13 releases.
- User will not be able to push files into below listed directories using adb command. Alternately, EMM clients or StageNow can be used to push files into below listed directories.
  - /enterprise/
- Customers using Airwatch Proprietary staging method which includes generation of barcodes from Airwatch console and using external FTP as staging servers not ready for this release, Zebra will enable this feature in upcoming release of Airwatch agent.
- Video conference over WEB RTC (Real Time Communication) interpreting solution not supported for lower resolution (SPR-48680).
- Bluetooth SSI mode is not working via customer app using EMDK with DS3678 (SPR-50159).
- Workstation Connect is not supported on this release, compatibility with this solution will be introduced in future Android 13 releases.
- Caution to Dimensioning / Premium SKU customers: Please upgrade to 1.3.0.0 Dimensioning Software Bundle before upgrading to A13.
  - It is required to upgrade dimensioning software to 1.3.0.0 **BEFORE** upgrading the device from A11 to A13. (If software bundle is not upgraded, Dimensioning update feature will be broken).
- Zebra apps do not support Android Work Profiles or any COPE Mode features. Zebra is working on enabling these features in future Android 13 releases.
