## **Introduction**

---

The TC72/TC77 builds on the highly successful TC7 Series family to create the ultimate ultra-rugged all-touch computer for all workers inside and outside the four walls – a smartphone experience for maximum simplicity, construction designed to withstand years of the toughest everyday use and abuse, and a new platform offering more capabilities than any other device in this class. The TC72 and TC77 – for a real competitive edge at the edge of your business, delivered.

## **Description**

---

Android Oreo 01-12-01.00-OG-U07-STD is the first software release for TC72. This release documentation contains the details of the OS release – features, instructions, component details, part numbers supported and known issues/limitations.

## **Change Notes**
