

ZebraLink Smartphone Utility

Print from your Apple® Mobile Digital Devices, Android™-Based Systems, BlackBerry® Smartphones, or Windows Mobile® and Windows CE® Devices

Take advantage of the small, fast and multifunctional devices you and your associates may already use to e-mail, call, take photos, access the Web—to also now support printing. For some applications, you may no longer need to additionally carry multiple devices in order to print. Carry less, do more!

Easily print thermal receipts, labels and documents with crisp text, bar codes and graphics, in the formats you need—bringing your business exciting new opportunities for on-demand printing.

Simply download the ready-to-use ZebraLink™ Smartphone Utility directly to your device:

- For Apple mobile digital devices, download the ZebraLink Utilities iPhone® app from the Apple AppStoreSM at www.zebra.com/zebralinkapp.
- For Android™-based systems, BlackBerry smartphones, or Windows Mobile® or Windows CE® terminals, download the ZebraLink Utility from www.zebra.com/sdk.

Contact your Zebra authorized reseller, or call Zebra at +1 800 423 0442, for expert assistance in creating a customized ZebraLink Smartphone app for your unique printing need using the ZebraLink Multiplatform Software Development Kit (SDK).

Printing Applications—from Imagination to Creation

Need a different app? Use the ZebraLink Multiplatform SDK to create different applications to support your varied printing needs. The following ideas are only the tip of the iceberg:

- Temporary visitor ID badges
- Asset tagging
- Law enforcement electronic citations
- Field service/sales/inspection labels and receipts (e.g., repair history, service reminders, inspection stickers, asset tagging, utility labeling, invoices, payment receipts) and direct store delivery (orders, invoices, delivery/return/credit receipts, settlement reports, or other documentation)
- Retail mobile point-of-sale receipts for line busting; price lookup and shelf labeling; mobile online coupon printing
- Healthcare specimen labeling
