Genuine Zebra™ Supplies

For the **Best Performance**
from the **Best Printers...**

FOR THE BEST PERFORMANCE...

All printer supplies are created equally, right? Absolutely not! Zebra's high-quality labels, tags, receipt paper, wristbands and ribbons are tested in Zebra printers to insure optimal performance. Just like Zebra printers, genuine Zebra supplies are made to a higher standard.

No single label, tag, receipt paper, wristband or ribbon is right for every application. A microscope slide requires a different label than a circuit board, shipping carton or retail shelf. Do you need a solution that will withstand extreme chemicals, such as xylene or acetone. Do you need a solution that will withstand extreme temperatures or sunlight? Everyone has different needs. That's why Zebra offers over 100 thermal materials and 10 different ribbon formulations.

In Stock and Ready to Ship

Zebra stocks over 600 paper and synthetic labels, tags, receipt paper rolls, wristbands and ribbons—most ship within 24 hours. Need a custom size, specialty material or your logo per-printed? No problem. Custom media is our specialty. Zebra works closely with our partners to engineer the best solution for your specific requirements.

Why Zebra Supplies?

When you use genuine Zebra supplies, you know you'll:

- » Reduce wear and tear on your printheads
- » Lower the overall cost of printer operation
- » Optimize performance with application-matched labels and ribbons
- » Have a choice of more than 300 UL/CSA-approved ribbon/label combinations
- » Enjoy access through our partners to Zebra's talented custom design team for solutions to your unique challenges

Zebra Technologies, a global leader in on-demand printing technology, has been providing media solutions for decades. Whether it's ribbons, labels, tags, receipt paper, wristbands or printers, you can rely on Zebra to provide high-quality, pre-tested products. Zebra has ribbon and label combinations that work for you in even the most extreme applications. For optimal printer performance, insist on genuine Zebra supplies.

Think you're already using Zebra labels, tags, and ribbons? **Better double-check!** Look inside the ribbon and label cores. If you see the Zebra logo, you can rest assured that you're using proven, consistent genuine Zebra supplies.

Choose Genuine Zebra Supplies
