

Zebra® Kiosk Print Station

A low-cost kiosk solution

Zebra's Kiosk Print Station makes it easy and affordable to bring the benefits of self-service – such as improved sales, customer satisfaction and reduced costs – to your business. The Kiosk Print Station is an accessory that accommodates Zebra's TTP 2000 kiosk printer, a roll of Zebra media and a mount for a touch-screen terminal to form a complete, economical alternative to expensive custom kiosks. Simply add your interface and software to complete the solution.

- Quick and easy to integrate – integrates all the kiosk print components into an easy-to-install device that can be wall- or pole-mounted
- Cost-effective – the print station's low cost results in rapid ROI, so even smaller retailers can reap the benefits of self-service kiosks
- Flexible media options – the Zebra Kiosk Print Station supports up to 152mm O.D. media with a 25.4mm core, and widths of 58 to 82.5mm
- Durable and secure – the sturdy lockable enclosure securely holds the printer and media. The touch screen is securely fastened to the unit, protecting all components from tampering and tough retail environments
- Trouble-free servicing – the clamshell enclosure opens completely to provide easy access for quick media changes and service
- Unattended printing – the print station accommodates a printer with looping presenter which eliminates paper jamming

Key features:

- A unique ready-to-ship solution
- Installs anywhere: wall- or pole-mountable
- Accommodates a reliable Zebra TTP 2000 kiosk printer

Ideal for tickets, receipts, vouchers and information for:

- Retail
- Hospitality
- Healthcare
- Public service

NOTE: Printer, accessories and media sold separately from Kiosk Print Station.

Specifications at a glance*
