

Product Recycling Information
P310F™, P310C™, CH310C™, P310i™
April 2005

Product Producer **Zebra Technologies Corporation**

333 Corporate Woods Parkway
Vernon Hills, IL 60061 U.S.A.

Product Description Models: P310F, P310C, CH310C, P310i Plastic Card Printer

Hazardous Substances and Preparations These products may contain the following substances:

- Hexavalent Chromium may be present in trace amounts in the metal fasteners, brackets and other metal structural components.
- Lead may be present in the PCBAs used in these products.

Batteries No configurations of these products contain a battery.

Packaging The packaging materials used for these products do not contain any of the banned materials listed in the EU packaging directive.

The printed user documentation included with these products is produced on paper with 50% or more recycled content that has not been bleached with chlorine. If a Compact Disc (CD) is supplied, it is made from a recyclable polycarbonate material.

Information on the assessment of the packaging scheme for these or other Zebra products can be found at: <http://www.zebra.com/environment>.

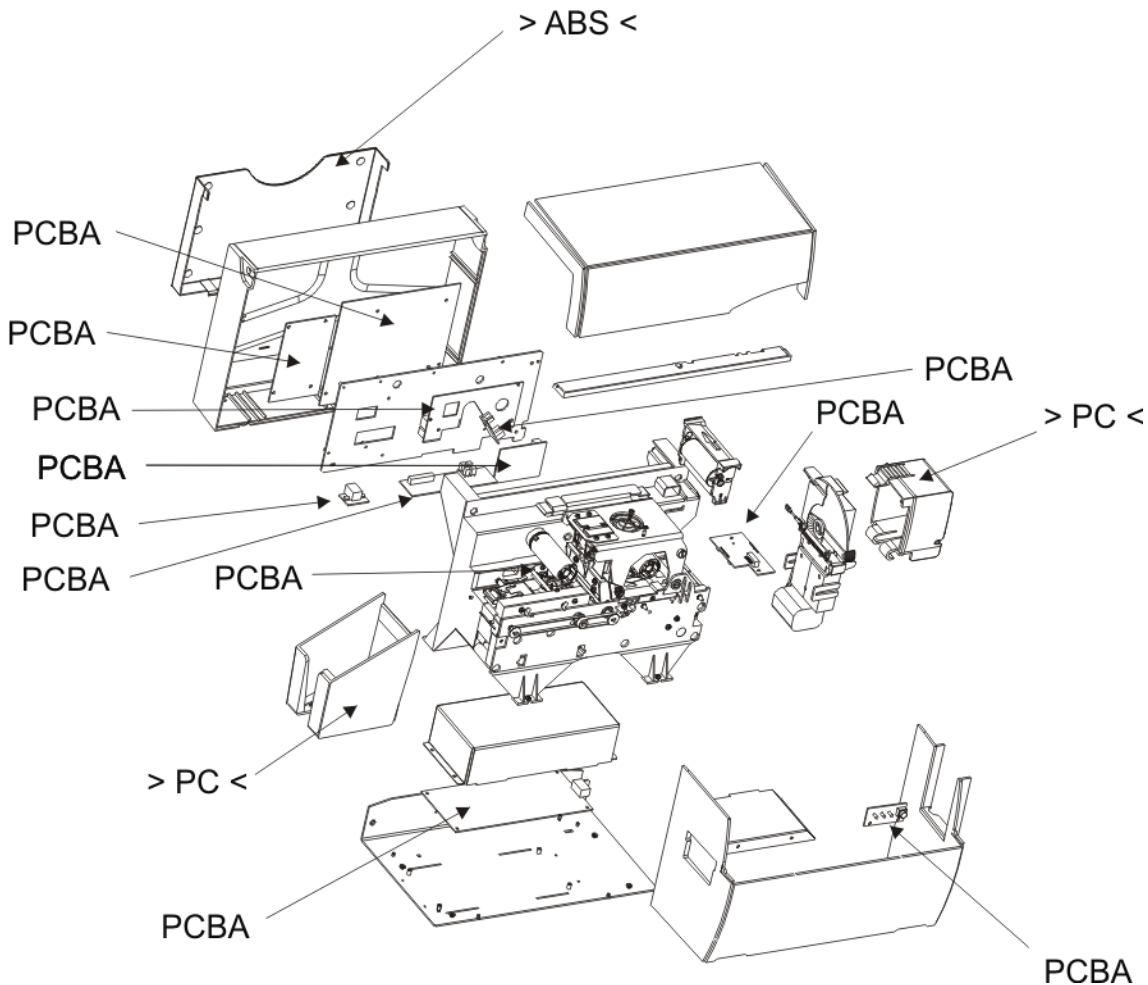

Recycling Information Zebra Technologies offers product recycling programs in certain geographic areas. To determine if a program is available for this product in your area, please refer to our web site at: <http://www.zebra.com/environment>.

These products are designed with the following features to enhance recycling:

- Glues and adhesives have been eliminated from product construction where feasible.
- Use of common fasteners and/or snap-in features
- Plastic parts weighing more than 25g are marked according to ISO 11469 standards except where impractical. Exceptions are noted in the following drawing.

P310F, P310C, CB310C, P310i
