

Kiosk Windows CE 6.0 Driver Version 0.3.512.3 Release Notes

Release Date: 12 February 2013

The Kiosk Windows CE 6.0 Driver Version 0.3.512.3 includes the features of the previous Kiosk CE Driver releases. This is an ARMV4 and x86 processor installation.

Supported Printers

The Kiosk Windows CE 6.0 Driver Version 0.3.512.3 is for use with the following printer model:

- TTP 2030

Driver Installation

- Download the Windows CE 6.0 driver available at www.zebra.com/support.
- The Windows CE 6.0 driver deploys with an Installer application that installs the driver.
- Please read the latest version of the *Zebra TTP 2030 Windows CE Printer Driver User Guide (P1055866-001)* available at www.zebra.com/support.

Issues Corrected

- Corrected TTP 2030 firmware downloader issue.
- Corrected the About screen driver version display.

Known Issues

- Leading zeros should not be added to any driver settings since the driver cannot understand the value.
- Dashes and other characters should not be added to any driver settings since the driver cannot understand the value.
- When deleting a value, the device setting field is left blank and a valid number has to be added.

Printed on
chlorine-free
recycled paper.
