1. Unpack the ZT510 printer and place it on a sturdy surface.

3. Download the ZEBRA SETUP UTILITY (Microsoft® Windows®).

4. Follow the on-screen instructions to complete the installation.

5. Connect the printer to your computer using a USB cable.

6. Ensure the power supply is within the range of 100–240 VAC and 50–60 Hz.

7. Power on the printer.

8. The ZT510 printer is now ready to use.
