Zebra Validation Program Application Test Overview PMR

Summary

- [PMR](#) was launched by [Rapid Consulting Services](#) as a Patient Medical Record tool.
- Rapid Consulting incorporated patient wristband, specimen labeling, and prescription printing with Zebra QLn220 and HC100 printers. The Zebra Global Validation team worked with engineers at Rapid Consulting to test and validate Mother’s Milk with Zebra’s QLn220 mobile printer.

Product Details

Description: PMR allows hospital staff to access vital patient information quickly, viewing everything from allergies to x-rays, all from a mobile device. The application is simple to understand and easy to use, so that hospital staff can focus their attention and time where it is needed most rather than wade through old-fashioned and unnecessarily complex paper-based records and data entry. PMR is also designed to integrate seamlessly with Zebra printers and Infinite Peripherals scanners, so that scanning and printing can be done all from one app.

Verticals: Healthcare

Validated Application Details

ISV Application:	PMR
Company:	Rapid Consulting Services
Software Version:	2.2.4
Hardware:	Hand-held client, iPhone 5, iPod Touch 5G, Infinite Peripherals LP5 (2D scanner) for iPod or iPhone
Operating System(s):	iOS 6.0
Command Language:	CPCL / Line Print
Formatting Method:	Zebra Link-OS SDK V2.0.214

Zebra Validation Program

Application Test Overview

PMR

Zebra Hardware: Zebra QLn220	
Part #:	QN2-AUCA0E00-00
Description:	QLn220 mobile Bluetooth label printer
Firmware Version:	V68.19.4z
Website:	www.zebra.com/QLn 
Zebra Hardware: Zebra HC100	
Part #:	HC100-3001-1200
Description:	HC100 Wi-Fi Wristband Printer
Firmware Version:	V54.17.12Z
Website:	HC100
