

LaserBand Infant Wristbands

Wristbanding infants is a sensitive issue. While hospitals go to great lengths to properly identify infants, staff members are also concerned with the comfort and durability of the wristbands. Zebra® kept these challenges in mind when creating a complete line of LaserBand® laser wristbands and accessories for infants.

Zebra's self-laminating direct-print laser wristbands feature the ability to print wristbands and labels on one sheet utilizing existing laser printers.

- Patented self-laminating seal protects the wristband from moisture and hand-sanitizers, preserving patient data for longer wristband usability.
- Ability to simultaneously print patient chart labels and the wristband on one sheet, streamlining patient admissions.
- Available with hole-punches for securement into patient charts.
- Adhesive-free zones around form edges and holes prevent printing jamming and reduce costly printer maintenance.
- Enables quick deployment of a barcoded wristband solution without the need for a separate printer for wristbands.

LaserBand Infant Wristband Solutions

LaserBand infant wristband solutions include our LaserBand2® Advanced wristbands, LaserBand2 ID tags and soft wristband accessories to meet the infant identification and comfort needs of hospitals.

LaserBand2 Advanced Laser Wristbands

Zebra's self-laminating LaserBand2 Advanced direct print laser wristbands feature an advanced shape and design that makes assembly easy and allows the wristband to lie flat on the wrist to enable quick scanning, while providing superior patient comfort.

Features Include

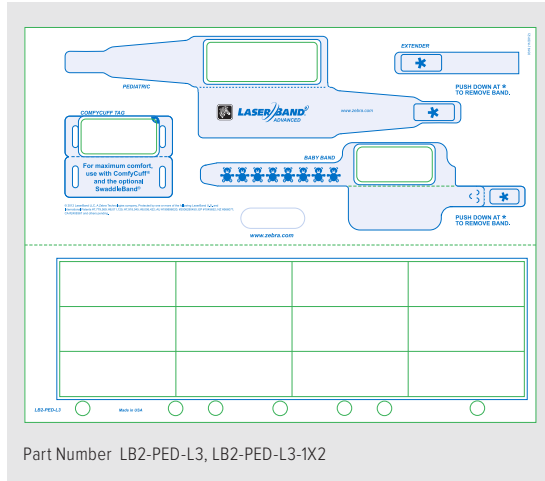

- Self-laminating design protects printed text and barcodes
- Tamper-evident, adhesive closure
- Wristband extender to fit a wide range of wrist sizes
- Latex-free
- Formats:
 - With and Without Labels
 - Parent / Infant format for Labor and Delivery
 - Pediatric / Infant wristband features an ID tag for use with ComfyCuff® or vinyl infant band

Soft Infant Wristband Accessories

Zebra also offers a complete line of soft infant wristband accessories for use with the LaserBand2 Advanced laser wristbands and ID tags to ensure comfort.

ComfyCuff

This soft, foam cuff features an adjustable Velcro® closure ensuring infant comfort. It can be used in conjunction with LaserBand2 Advanced pediatric / infant ID tags.

5 x 1.25", Latex Free, Part Number: LB2-BABY-P

ComfyCuff Infant Swaddle Band

This soft Tyvek band makes identifying a swaddled baby quick and easy. The Swaddle Band creates an extension between the ComfyCuff and LaserBand2 and LaserBand2 Advanced infant ID tags allowing the tag to be easily accessible.

9" long, Latex Free, Part Number: LB2-BABY-SWB9

ComfyCuff Security Seal

This security label is designed to securely stick to the ComfyCuff material and self-destruct to indicate wristband tampering.

2.875 x 0.4375", Latex-free, Part Number: LB2-BABY-CCS

Vinyl Infant Wristband

Clip-Closure

Self-Locking

These latex-free, soft, flexible vinyl wristbands are for use with LaserBand2 Advanced infant ID tags. The narrow width allows some models of "Abduction Prevention Systems" to be attached. They are available in clip or self-locking closure. The self-locking closure wristband enables size adjustment with a gentle tug as the infant loses mass around the wrists and ankles within the first 24 hours of birth.

Clip-Closure Part Number: PS-BABY

Self-Locking Closure Part Number: PS-INFANT-ADJ
