# LaserBand Labor and Delivery Solutions

Wristbanding newborns is a sensitive issue for labor and delivery and the neonatal intensive care units. While hospitals go to great lengths to properly identify newborns and match them to their mother, staff members are also concerned with the comfort and durability of the wristbands. Zebra® kept these challenges in mind when creating a complete line of LaserBand® self-laminating laser wristbands and accessories.

Zebra's direct print self-laminating laser wristbands feature the ability to print wristbands and labels on one sheet utilizing existing laser printers.

- Patented self-laminating seal protects the wristband from moisture and hand-sanitizers, preserving patient data for longer wristband usability.
- Ability to simultaneously print patient chart labels and the wristband on one sheet, streamlining patient admissions.
- Available with hole-punches for securement into patient charts.
- Adhesive-free zones around form edges and holes prevent printing jamming and reduce costly printer maintenance.
- Enables quick deployment of a barcoded wristband solution without the need for a separate printer for wristbands.

## LaserBand2 Advanced Labor and Delivery Wristbands

Zebra's self-laminating LaserBand2® Advanced direct print laser wristbands feature an advanced shape and design that makes assembly easy and allows the wristband to lie flat on the wrist to enable quick scanning, while providing superior patient comfort.

### Features Include

- Self-laminating design protects printed text and barcodes
- Tamper-evident, adhesive closure
- Wristband extender to fit a wide range of wrist sizes
- Sizes: Adult, Pediatric, Infant
- Latex-free
- Formats:
  - With and Without Labels
  - Parent / Infant format for Labor and Delivery features an ID tag for use with ComfyCuff® or vinyl infant band

## Soft Infant Wristband Accessories

<p><b>ComfyCuff</b></p>  <p>This soft, foam cuff features an adjustable Velcro® closure ensuring infant comfort. It can be used in conjunction with LaserBand2 Advanced pediatric / infant ID tags. 5 x 1.25", Latex Free, Part Number: LB2-BABY-P</p>	<p><b>ComfyCuff Security Seal</b></p>  <p>This security label is designed to securely stick to the ComfyCuff material and self-destruct to indicate wristband tampering. 2.875 x 0.4375", Latex-free, Part Number: LB2-BABY-CCS</p>
<p><b>ComfyCuff Infant Swaddle Band</b></p>  <p>This soft tyvek band makes identifying a swaddled baby quick and easy. The Swaddle Band creates an extension between the ComfyCuff and LaserBand2 and LaserBand2 Advanced infant ID tags allowing the tag to be easily accessible. 9" long, Latex Free, Part Number: LB2-BABY-SWB9</p>	<p><b>Vinyl Infant Wristbands</b></p>  <p>These latex-free, soft, flexible vinyl wristbands are for use with LaserBand2 Advanced infant ID tags. The narrow width allows some models of "Abduction Prevention Systems" to be attached. They are available in clip or self-locking closure. The self-locking closure wristband enables size adjustment with a gentle tug as the infant loses mass around the wrists and ankles within the first 24 hours of birth. Clip-Closure Part Number: PS-BABY; Self-Locking Closure Part Number: PS-INFANT-ADJ</p> <p><b>Clip-Closure</b></p>  <p><b>Self-Locking</b></p>
