

Unbox. Set up. Identify samples with confidence.

The all-in-one Zebra solution built
for fast, accurate specimen labeling

Zebra's all-in-one solution gives your clinicians **everything they need in a single package**—the beginning of a simpler, stress-free way to manage all their professional specimen labeling at the point of care.

Built for healthcare

- Preferred white color scheme
- HC-compliant power supply
- Easy-to-clean plastics with sealed button interface
- UV-resistant housing supports UV cleaning protocols

What you get: A high-quality, healthcare-grade printer; 12 rolls of Zebra Certified 2" x 1.25" lab labels; a one-hour call with a Zebra expert to guide you through setup, making sure the first label prints exactly as expected; and a 3-year comprehensive device support plan.

Your clinicians' reliable patient safety partner

What's included in the box?

ZD411-HC 2-inch Desktop Printer

- Direct thermal printing
- No ink or toner costs
- Ensure each sample is accurately linked to the right patient
- Disinfectant-ready plastics

Supplies that help ensure patient safety, every time

- 12 rolls of Zebra Certified 2" x 1.25" 8000D lab labels
- Smudge-free, scan-ready labels
- Barcodes that scan clearly the first time
- Labels that stick, even on small or curved surfaces
- Safety and precision at the point of care

1 hour of expert setup assistance

Guided setup. No guesswork. A Zebra expert gets you from first plug-in to first perfect label and you're all set to go.

3-year Zebra OneCare™ Essential maintenance plan

Comprehensive device protection to ensure maximum uptime. It covers:

- Wear and tear, accidental damage, and more
- A swift 3-day repair turnaround
- Software and security updates
- 8x5 local live agent support and 24x7 online support access

Fast performance

Each roll includes 330 labels that perform at speeds up to 6 inches per second.

Reordering is simple

- Right at your desk
 - Information is included
 - No searching, no downtime
- SKU 10015772

What this solution means to your daily specimen labeling tasks

- **You get it right the first time:** Less time wasted; more attention to patients
- **It's built for healthcare:** Features a durable, healthcare-grade printer and lab-tested labels
- **It provides fast and accurate scanning:** Ensures instant barcode capture, even on small or curved tubes
- **It all works seamlessly together:** A validated solution from Zebra's 50+ years of excellence in the market
- **Start labeling right away:** Everything arrives ready to go with support to get them started and along the way whenever they need it

With Zebra's all-in-one specimen labeling solution, your clinicians get a complete toolkit, backed by experts who know what they need and stand behind every label they print. This is a step further in patient care and safety.
