

## Smarter Analytics. Sharper Outcomes.

No more juggling disconnected data sources. Analytics Studio Canvas enables rapid multi-query creation through an intuitive drag-and-drop interface for quicker decision making. This new feature lives within Workcloud Actionable Intelligence, and is unlike anything else in the industry.

### From Reactive to Proactive

Turn manual, multi-step processes into a singular workflow, helping you catch problems before they escalate.

#### One unified platform

Integrate vast amounts of information from internal and external sources.

#### Handle multiple queries

Uncover answers faster, and save time addressing shrink and loss issues.

#### Real-time anomaly detection

Trigger AI-driven models that provide clarity as concerns arise.

#### No-code functionality

Make insights more accessible with a simplified, user-friendly interface.

#### Faster, more informed decisions

Drive immediate, actionable steps using accurate analytics.

#### Patent-pending technology

Detects complex patterns no other tool can match.

**Put Canvas to work.** Request a demo to see how this breakthrough platform can transform your retail operations.
