

ZEBRA Companion

Zebra Companion is AI that works with you. The frontline needs instant, intelligent answers at their fingertips. Zebra Companion is **helpful, intuitive AI** that connects your workers to everything there is to know about your operations—all on your favorite Zebra devices.

Designed with the frontline in mind

Composed of multiple GenAI-powered agents, frontline workers can instantly access critical information and troubleshooting assistance to solve problems and make work easier. Whether locating assets in the backroom, identifying mislabeled or expired products, or answering questions about return policies, Zebra Companion is expanding what's possible for the frontline.

Customized for your organization

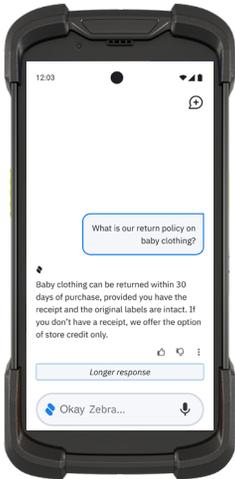

Unlike general purpose AI tools, Zebra Companion is trained on your proprietary data, ensuring relevant and accurate responses tailored to specific business processes.

Simplifies complex tasks

These agents simplify complex tasks, enhancing operational efficiency by leveraging AI to process and respond to queries without the need for extensive training.

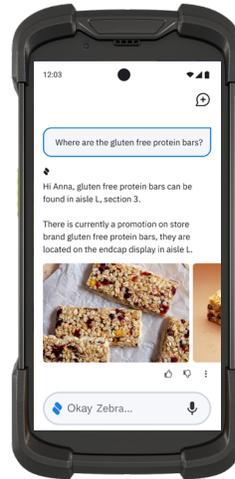

Faster onboarding & training

With instant access to a knowledge base of job aids and procedures, your staff can spend less time in training and more time helping customers.

Knowledge Agent

Engage conversationally with job aids and SOPs to accelerate onboarding, providing associates with the crucial information they need precisely when they need it. Empower your team with instant access to knowledge and enhance productivity from day one!

Sales Agent

Effortlessly assist with product-related inquiries, availability, and pricing, while offering dynamic cross-sell and upsell recommendations to associates during customer interactions. Elevate your service and boost sales with seamless, informed engagements!

Merchandising Agent

On-device image recognition evaluates shelf health and turbocharges workflows, swiftly addressing shelf gaps, planogramming issues, and inaccurate pricing and signage. Transform your retail operations with precise, actionable insights right at your fingertips!

Device Agent

This conversational agent delivers real-time troubleshooting and support for Zebra devices, slashing device downtime and ensuring seamless retail operations. Experience uninterrupted service and keep your business running smoothly with our cutting-edge support solutions!

Zebra Companion is a helpful, intuitive AI tool that connects frontline workers to the information they need about your operations. For a limited time, we are offering Zebra customers a demo of Zebra Companion as well as an opportunity to participate in a free 30 day evaluation of our product, using your data and use cases, to see one of our agents in action. Discover how AI can empower your frontline teams. **Book your demo today!**
