# Putting sustainability
## at the heart of our products

When it comes to creating sustainable products, Zebra is committed. From company-wide global initiatives to the end-to-end product life cycle from manufacturing to retirement, our green initiatives protect the planet— and the people who make and use our products.

## Product sustainability attributes

| | |
|---|---|
| **EPEAT certification** | EPEAT Silver certified. |
| **Eco-friendly attributes[3]** | No halogens, no mercury, no PFO/PFOAs, no latex, compliant with global ROHS requirements. |
| **Sustainable packaging** | Our corrugated packaging is 100% curbside recyclable:<br>· 90% biodegradable packaging<br>· All cardboard is made with FSC Mix certified paper<br>· All paper inserts are made with FSC Mix certified paper |
| **Power consumption** | · 37% below allowable Energy Star consumption level[1]<br>· Green Mode settings allow for intelligent limiting of power consumption across a fleet of devices |
| **Fewer device types** | Zebra solutions provide 4-in-1 true device convergence—the ZEC500 functions as a dual-purpose device, serving as a standalone Android™ enterprise computer. When combined with Zebra handhelds and tablets, it transforms mobile devices into desktop computers, workstations on wheels, or point-of-sale systems. This versatility substantially reduces the need for additional hardware, minimizing plastics and electronics volumes, as well as cost. |
| **Lower consumption of devices through maximized life cycles** | Most carbon emissions occur in the raw material and manufacturing stages—the fewer devices you use, the more you reduce greenhouse gases<br><br>· **Maximized lifecycle** with Zebra's rugged design<br>· **8 years of security:** keep your devices secure every day of their long lifecycle with LifeGuard™ for Android[2]<br>· **8 years of repair and technical support:** no need to retire working devices due to lack of available support[2]<br>· **Reduced spare pool:** no-cost Zebra DNA™ for Mobile Computers troubleshooting tools keep devices on-site and in the hands of your workers |

## This device contains 35% post-consumer recycled plastic/ material by mass

epeat SILVER    HALOGEN FREE    Hg mercury-free

latex free    RoHS COMPLIANT    PFOA FREE
