ZEBRA CAPTURE YOUR EDGE

Maximize Productivity with Premium Mobile Printing

Improve your printing with the ZQ600 Plus Series.

Today, mobile printing is about more than just accessibility. It is about optimizing your workforce by offering the capabilities they need to enhance productivity and workflows—capabilities that reduce downtime, ensure security and last through the longest shifts. Give your teams flexible, intelligent features for the premium printing they can trust with Zebra's ZQ600 Plus.
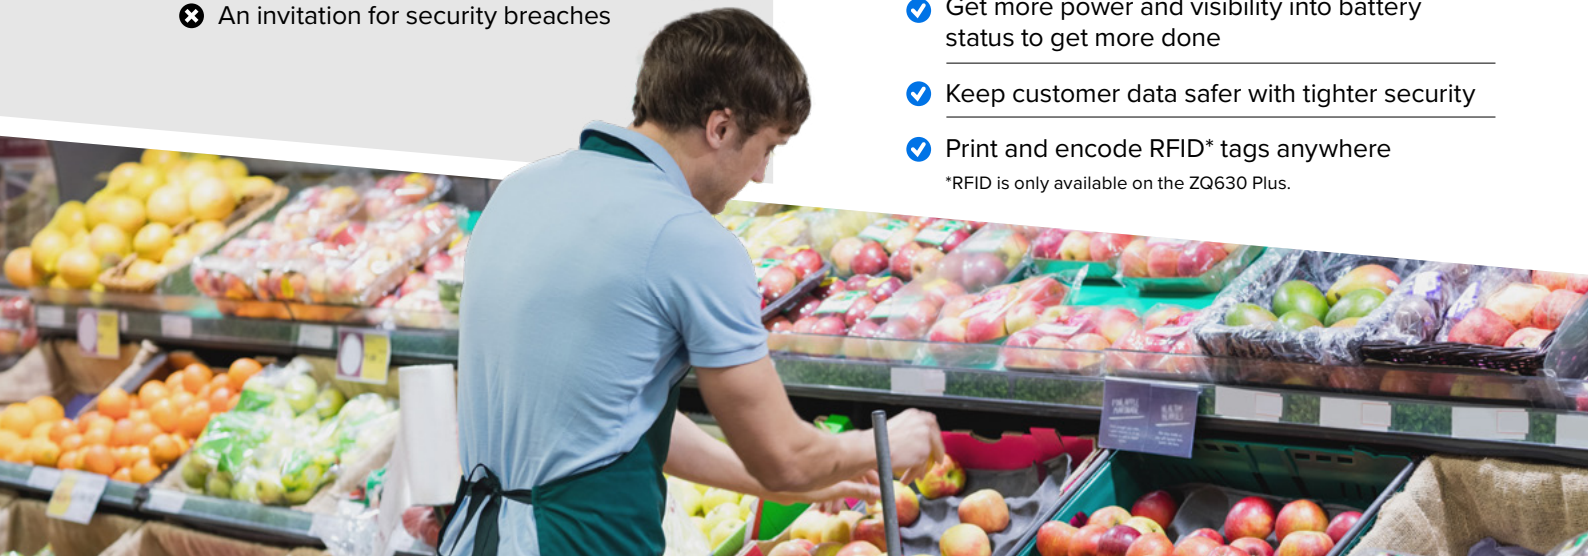

⚠ Signs you should retire your mobile printer:

- ✖ Extended downtime due to long boot-up time
- ✖ Guesswork that sends printers to IT for help
- ✖ Batteries that drain productivity
- ✖ Weak Wi-Fi™ that limits customer service
- ✖ An invitation for security breaches

📈 Keep producing without the stalling:

- ✔ End workers' idle time with a printer that is instantly ready
- ✔ Keep printers on the floor and limit the need for IT support with friendlier instructions
- ✔ Drive non-stop productivity with the fastest, steadiest Wi-Fi™ standards
- ✔ Get more power and visibility into battery status to get more done
- ✔ Keep customer data safer with tighter security
- ✔ Print and encode RFID* tags anywhere

*RFID is only available on the ZQ630 Plus.

As Powerful as Ever

Rely on the ZQ600 Plus Mobile Printer Series

Shut the Door on Security Threats
Block unwanted access and secure your data with PrintSecure.

Use All the Same Accessories
Protect performance and your wallet with backwards compatibility with QLn and ZQ600 accessories.

Ditch Dead Zones
Stay connected with fast 802.11r roaming and advanced 802.11ac Wi-Fi™.

Avoid Printer Breakdowns and Bottlenecks
Enjoy worry-free consistency with Zebra Certified Supplies.

Ready When You Are
Ensure uptime, in no time, with the instant-wake feature.

Never Stuck
Solve problems on the spot with intuitive icons and a color display.

Get RFID Going
RFID tagging is now within reach with RFID label printing.*

Charge Ahead
Eliminate changing batteries mid-shift with a 33% higher battery capacity**.

* RFID is only available on the ZQ630 Plus.
