

Introducing the RS6100 Wearable Scanner

Small...practically weightless, rugged and ready to work everywhere, with extraordinary scanning range and performance... and an extraordinary feature set

Choose from five great interchangeable wearing styles

Enterprise Hand Mount

Custom, comfortable and secure fit in a range of sizes

Single finger: double trigger

Change hands on the fly without removing the trigger

Single finger: single trigger

Remove and rotate trigger to switch between right and left hands

Back of Hand Mount

Extremely low profile for picking in tight spaces; one-size-fits-all

Lanyard Mount

Wear around the neck or on a belt to keep the scanner handy, yet out of the way

Power it your way—cordless or corded

Battery operated for cordless freedom

Pair with virtually any Zebra Bluetooth-enabled mobile device; any existing Bluetooth smartphone, tablet or PC, with your choice of standard or extended batteries

Cordless adapter for battery-free operation

Works with Zebra's WT6000 and WT6300 wearable computers and Zebra's TC21, TC26, TC53 and TC58 handheld mobile computers

An unmatched feature set

Scan near and far

Extraordinary scan-it-all scanning range—2 in./5.08 cm to 40 ft./12.2 m

Power it every minute of every shift

With its removable and rechargeable battery, you never need to take the RS6100 out of service for charging

Superior cordless features

Just tap to pair—and confidently eliminate Bluetooth interference with your Wi-Fi network and devices with Wi-Fi Friendly Mode

Prevent the spread of germs

Give each worker their own personal trigger—the only part of the RS6100 that touches skin

Repair it on site in seconds

Remove and swap battery and trigger assemblies right on site, minimizing trips to the service depot

Feather light

Small and practically weightless—just over 2 ounces and 2 cubic inches

Use it EVERYWHERE

Warehouse aisles, freezers and outdoors in sweltering heat, subzero cold, rain and snow

Rugged and ready for the toughest day

Triple-tested for durability: drop-tested to 6 ft./1.8 m tumble-tested—1,000 1.64 ft./0.5 m tumbles, sealed to IP65—dust-tight, hose it down

Millions of trigger presses

Rated for millions of actuations instead of the typical few hundred thousand—less frequent replacement and lower TCO

Easy upgrade from the RS5100

Many RS5100 accessories and mounts work with the RS6100 for a cost-effective upgrade

The RS6100—boosting productivity with the maximum in comfort, versatility, power and performance. For more information, visit www.zebra.com/rs6100
