

“How can I solve picking challenges?”

The answer's in black and white.

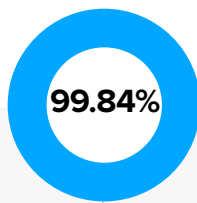

The warehouse industry is evolving, and as SKU counts and the demand for customized orders continue to expand, so does your technology. Empower your teams to do their best with mobile, user-friendly devices that help simplify picking while improving accuracy.

DID YOU KNOW?

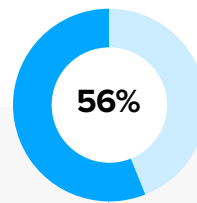

In a study done with small and medium businesses:

60% of warehouse decision makers reported labor recruitment and/or labor efficiency and productivity among their top challenges¹.

99.84% accuracy seen by small and medium warehouses when picking orders with best-in-class operations².

56% of warehouse decision makers reported picking efficiency as their top current or expected challenge in the next five years¹.

UNCOVER NEW POSSIBILITIES FOR PICKING

With Zebra's picking portfolio, help your warehouse:

Streamline processes

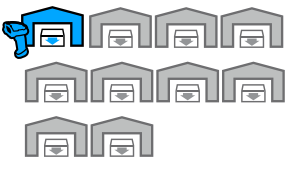

Improve worker productivity

Increase order accuracy

1 out of 10 warehouses are using rugged/ultra-rugged scanners today for picking operations, trailing industry-leading best practices¹.

1 out of 5 warehouses are using wearable mobile computers today for picking operations¹.

THREE WAYS TO PICKING OPERATIONS SUCCESS

Increase accuracy and customer satisfaction during order picking with Zebra's mobile computers, scanners, and printers.

Get exponential power with a portfolio of intelligent software, applications and utilities designed to transform your devices into enterprise-engineered solutions.

1

Printers

Print Labels On-Demand
ZQ500 Series Mobile Printers

Create labels on the go with wireless, secure printing and instant wake-up. Power through every shift with advanced battery technology and an unparalleled, durable design. Large buttons make it easy to use, even when wearing gloves.

Powerful, Versatile Industrial Printing
ZT200 Series Industrial Printers

Print high quality labels with crisp text and barcodes. Simple setup and color-coded media-loading cues make it easy to use. And, the drive system is designed for optimal performance with minimal maintenance.

2

Mobile Computers

Generate Worker Productivity
MC2200 and MC2700 Mobile Computers

Connect your workers anywhere with one device for multiple uses. Capture virtually any barcode on the first scan. Streamline picking processes with the class-leading ergonomic design. Choose Wi-Fi or Wi-Fi/cellular data.

Built for Business
TC21 Mobile Computer

Put business-class durability in the palm of your pickers' hands. Access data and pick lists anywhere with Wi-Fi connectivity. Capture and send data to applications right out of the box.

3

Optimize Picking with a Thin yet Rugged Tablet
ET51 Android™ Enterprise Tablet

Transition seamlessly to a tailored tablet solution, purpose-built for your warehouse, workers and apps. With tough durability, ease-of-use and enhanced data capture, get the information needed at the point of picking and accelerate tasks.

Scanners

Scan Orders with Confidence
DS3608-SR Ultra-Rugged Scanner

Meet the scanner you can depend on. Capture barcode labels the first time in any condition, from near contact to as far as 5 ft./1.5m away and get added features for greater efficiency.

MAXIMIZE YOUR INVESTMENT

Services

Keep your technology operating as it should with hassle-free repairs, maintenance, and support from Zebra and our partners.

Supplies

Order the supplies to match your picking needs while offering unmatched quality.

Warehouse Management System (WMS)

Track inventory, schedule shipments and optimize supply and demand chains with a modern, digital WMS.

INSTALLATION. SERVICE. SUPPORT.
