

Corporate Responsibility - EU REACH Recipient Information

Zebra Technologies (EVM) provides a large number of products to market that do not contain EU REACH SVHC's. The ZEBRA products below contain substances which are reportable under the EU REACH regulation 1907/2006 Article 33. It requires Zebra to inform the recipients or consumers if a supplied article contains more than 0.1% (by weight per article) of any substance(s) on the SVHC candidate list. The products listed are safe when used as intended, and in accordance with the applicable usage instructions.

As of 27 JUN 2018, Lead (pb), CAS # 7439-92-1 has been added to the list of SVHC's. Lead is currently restricted under several global environmental regulations. Zebra prodcts do not contain Lead above 1000ppm in each homogeneous material. In situations where an exemption applies, the preceding limits, corresponding to the exempted substance(s), may be higher.
