When using cradle p/n CR0078-SC1009BWR with an external power supply in a healthcare environment, place the ferrite core (included in the box) on the power supply cable as follows:

1. Open the ferrite core and place it 5 in./12.7 cm (+/- 1 in./2.5 cm) from the power port on the power supply cable.
2. Route the cable outside the ferrite core once and then close the ferrite core.
