Radio Frequency Interference Requirements - FCC

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help.

Radio Transmitters (Part 15)

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Potentially Hazardous Atmospheres – Vehicles Use

You are reminded of the need to observe restrictions on the use of radio devices in fuel depots, chemical plants etc. and areas where the air contains chemicals or particles (such as grain, dust, or metal powders) and any other area where you would normally be advised to turn off your vehicle engine.

Potentially Hazardous Atmospheres – Fixed Installations

You are reminded of the need to observe restrictions on the use of radio devices in fuel depots, chemical plants etc. and areas where the air contains chemicals or particles (such as grain, dust, or metal powders).

Safety in Aircraft

Switch off your wireless device whenever you are instructed to do so by airport or airline staff. If your device offers a ‘flight mode’ or similar feature, consult airline staff as to its use in flight.

Safety Information

RF Exposure Guidelines

Reducing RF Exposure - Use Proper

Only operate the device in accordance with the instructions supplied.

International

The device complies with internationally recognized standards covering human exposure to electromagnetic fields from radio devices. For information on “international” human exposure to electromagnetic fields refer to the Zebra Declaration of Conformity (DoC) at www.zebra.com/doc.

For further information on the safety of RF energy from wireless devices, see www.zebra.com/support.

This is located under Wireless Communications and Health.

Bluetooth Smart® Wireless Technology

This is an approved Bluetooth® product. For more information or to view End Product Listing, please visit https://www.bluetooth.org/tpg/listings.cfm.

European Union Statement of Compliance

Zebra hereby declares that this radio equipment is in compliance with Directive 2011/65/EU and 1999/5/EC or 2014/53/EU (2014/53/EU supersedes 1999/5/EC from 13th June 2017). The full text of the EU Declaration of Conformity is available at the following internet address www.zebra.com/doc.

China

Mexico

La operación de este equipo está sujeta a las siguientes dos condiciones: (1) es posible que este equipo o dispositivo no cause interferencia perjudicial y (2) este equipo o dispositivo debe aceptar cualquier interferencia, incluyendo la que pueda causar su operación no deseada.

Brazil

Declarações Regulamentares para MPACT-INDR1 - Brazil

Nota: A marca de certificação se aplica ao Transceptor, modelo MPACT-INDR1. Este equipamento opera em caráter secundário, isto é, não tem direito a proteção contra interferência prejudicial, mesmo de estações do mesmo tipo, e não pode causar interferência a sistemas operando em caráter primário.

Product Introduction Guide

Customer Support Web Site
If you have a problem with your equipment, contact Support for your region. Support and issue resolution is provided for products under warranty or that are covered by a service agreement. For information and online assistance including developer tools, software downloads, product manuals, support contact information and online repair requests. Contact information and web self-service is available by visiting www.zebra.com/support.

When contacting Support, please provide the following information:
- MAC ID of the product shown on the side of the product next to the barcode
- Model number or product name shown on the label on the back of the product.

Tag Mounts and Installation
For mounting and installation information, refer to the Hardware Installation Guide available at: www.zebra.com/support.

Batteries
Important: Replace batteries with 2xAA alkaline batteries only.
Dispose of batteries in accordance with local governmental regulations. For information on how to remove and reinsert a battery, see the guide, MPact Location and Analytics Deployment Guide on the web site, www.zebra.com/support.

Other Licenses
This logo indicates that this product is licensed to operate according to Apple’s iBeacon specifications.

This table was created to comply with China RoHS requirements.
