**Getting Started**

1. **Insert the Battery**
   - Remove the battery cover.
   - Insert the battery and replace the cover.

2. **Charge the MC50**
   - Connect the MC50 to the charger using the AC adapter cable.
   - Verify the LED indicators for charge status.

3. **Install ActiveSync®**
   - Download the latest version of ActiveSync from http://www.microsoft.com and follow the instructions to install ActiveSync onto the host computer.
   - Create a partnership with the MC50.

4. **Communicate with Host**
   - Use ActiveSync to exchange data between the MC50 and the host computer.

5. **Create a Partnership**
   - Follow the on-screen ActiveSync instructions to establish a connection between the MC50 and the host computer.

**Features**
