The Quad Docking Station can be fixed to the optional Wall Mount Bracket (model PX3014), or to another surface, by two broad-headed screws.

Contents of the box:
- The Quad Docking Station
- This Guide
- Power cord (dependent on country and order)
- Docking connectors (quantity 4)
- Charging compartment (quantity 4)
- AC/DC adaptor
- Ethernet connector
- DC In connector
- Mounting screws (quantity 2)
- Mounting holes (quantity 2)
- Power indicator
- Rubber feet (quantity 4)
- Drain holes (quantity 4)
- Mounting screws (quantity 2)
- Drill holes (quantity 4)

Features: Front, Back, And Ports
- AC outlet
- DC input connector
- Link LED
- Power indicator
- Speed LED
- Ethernet connection
- USB to Ethernet converter (4)
- NEO hand-held computers (up to 4)
- Ethernet hub
- Internal Ethernet connection
- Mounting screws (quantity 2)
- Mounting holes (quantity 2)
- Note: Use only the universal AC power supply approved by Psion Teklogix for use with the Quad Docking Station.

Getting Started
1. Mount the Quad Docking Station.
2. Connect the Docking Station to external power.
3. Connect the Docking Station to an Ethernet network.
4. Insert one or more NEO hand-held computers.

Mounting The Quad Docking Station
The Quad Docking Station can be fixed to the optional Wall Mount Bracket (model PX3014), or to another surface, by two broad-headed screws.

Getting Started
1. Mount the Quad Docking Station.
2. Connect the Docking Station to external power.
3. Connect the Docking Station to an Ethernet network.
4. Insert one or more NEO hand-held computers.

Insert one or more NEO hand-held computers.

Insert the screws into the holes on the base of the unit, then slide the unit towards the back to secure it.

Note: Use only the universal AC power supply approved by Psion Teklogix for use with the Quad Docking Station.

Note: During charge, the LED indicator on NEO is YELLOW until charging reaches 75%. Between 75% and 95% the indicator flashes GREEN slowly, and, above 95%, the indicator is GREEN continuously.

Link LED
Power indicator
Speed LED
Ethernet connector
10 or 100base-T Ethernet connector
0 - 40 °C
32 - 104 °F

Note: Full battery performance is only reached after the first few charge/discharge cycles.

Allow the NEO computers to charge for three hours before first use.

The Ethernet connection in the Quad Docking Station

Location Guide For Mounting Screws

Dimensions Of Mounting Screws

The mounting screws on the shelf are M4 x 6mm panhead screws.

Maximum diameter of screw head: 1.55 cm (0.61 in)
Maximum height of screw head: 0.45 cm (0.18 in)
Maximum height between screw head and mounting surface: 0.4 cm (0.16 in)
Maximum diameter of screw shaft: 0.65 cm (0.26 in)
