

VC5090 UPS Software Update

Prior to installing the UPS, go to Zebra's Developer Zone web site (developer.zebra.com) for the VC5090 UPS Software Update instructions.

- ✓ **NOTE** Registration is required to obtain a password and access the Zebra Developer Zone web site.

After registering:

1. Go to <http://developer.zebra.com>
2. Click on the **Developer Downloads** link.
3. Enter your E-mail address and password then click Submit.
4. Click on the **Windows Mobile and Windows CE Products** link.
5. Scroll down to the VC5090 product.
6. In the **Select an Item** drop-down list, select **VC5090 UPS Software Update Instructions**.
