Return-To-Factory Warranty
Psion Teklogix provides a return to factory warranty on this product for a period of twelve (12) months in accordance with the statement of Warranty and Product Support provided at:
www.psionteklogix.com/warranty.

The warranty on Psion Teklogix manufactured equipment does not extend to any product that has been tampered with, altered, or repaired by any person other than an employee of an authorized Psion Teklogix service organization. See Psion Teklogix terms and conditions of sale for full details.

Important: Psion Teklogix warranties take effect on the date of shipment.

This Product, and its accessories, comply with the requirements of the Waste Electrical and Electronic Equipment (WEEE) Directive 2002/96/EC.

If your end-of-life Psion Teklogix product or accessory carries a label as shown here, please contact your local country representative for details on how to arrange recycling. For a list of international subsidiaries, please go to:

Restriction on Hazardous Substances (RoHS) Directive 2002/95/EC

What is RoHS?
The European Union has mandated that high environmental standards be met in the design and manufacture of electronic and electrical products sold in Europe, to reduce hazardous substances from entering the environment. The “Restriction on Hazardous Substances Directive (RoHS)” prescribes the maximum trace levels of lead, cadmium, mercury, hexavalent chromium, and flame retardants PBB and PBDE that may be contained in a product. Only products meeting these high environmental standards may be “placed on the market” in EU member states after July 1, 2006.
Although there is no legal requirement to mark RoHS-compliant products, Psion Teklogix Inc. indicates its compliance with the directive as follows:

The RoHS logo located either on the back of the product or underneath the battery in the battery compartment (or on a related accessory such as the charger or docking station) signifies that the product is RoHS-compliant as per the EU directive. Other than as noted below, a Psion Teklogix product that does not have an accompanying RoHS logo signifies that it was placed on the EU market prior to July 1, 2006, and is thereby exempt from the directive.

*Note:* Not all accessories or peripherals will have a RoHS logo due to physical space limitations or as a result of their exempt status.

**Disclaimer**

Every effort has been made to make this material complete, accurate, and up-to-date. In addition, changes are periodically added to the information herein; these changes will be incorporated into new editions of the publication.

Psion Teklogix Inc. reserves the right to make improvements and/or changes in the product(s) and/or the program(s) described in this document without notice, and shall not be responsible for any damages, including but not limited to consequential damages, caused by reliance on the material presented, including but not limited to typographical errors.

1. Declaration Of Conformity

Declaration of Conformity documents are provided at:
www.psionteklogix.com/DoC

2. Safety Summary

When used in a residential, commercial or light industrial environment, the product and its approved UK and European peripherals fulfil all requirements for CE marking.

R&TTE Directive 1999/5/EC

This equipment complies with the essential requirements of EU Directive 1999/5/EC (Declaration available: www.psionteklogix.com/DoC).

Este equipo cumple los requisitos principales de la Directiva 1995/5/CE de la UE, “Equipos de Terminales de Radio y Telecomunicaciones”.

Ο εξοπλισμός αυτός πληροί τις βασικές απαιτήσεις της κοινοτικής οδηγίας EU R&TTÉ 1999/5/EK. (Η δήλωση συμμόρφωσης διατίθεται στη διεύθυνση: www.psionteklogix.com/DoC)

Настоящото устройство е в съответствие с основните изисквания на европейската Директива 1999/5/EC (Декларацията за съответствие може да бъде намерена на адрес: www.psionteklogix.com/DoC)

Acest echipament satisface cerințele esențiale ale Directivei UE 1999/5/EC (Declarația poate fi găsită pe site-ul: www.psionteklogix.com/DoC)
Use of the 802.11 device in France: Owing to French Government restrictions, the 802.11 device is limited to indoor use. It may be used outdoors, on private property, only with prior authorization from the French Ministry of Defense.

FCC Information To Users
Federal Communication Commission Interference Statement
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

IMPORTANT NOTE:
FCC Radiation Exposure Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment under 47 CFR 2.1093 paragraph (d)(2), for use in a PDA. End users must follow the specific operating instructions for satisfying RF exposure compliance.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Some equipment in hospitals and aircraft are not shielded from radio frequency energy. Do not use the device onboard aircraft, or in hospitals, without first obtaining permission.

Do not use near pacemakers. The WORKABOUT PRO may affect the operation of some medically implanted devices such as pacemakers, causing them to malfunction. Avoid placing your WORKABOUT PRO next to such devices. Keep a minimum distance of 20 cm between the medical device and the WORKABOUT PRO to reduce the risk of interference. If you have any reason to suspect that interference is taking place, turn off the WORKABOUT PRO and contact your medical specialist for assistance.
Note: To maintain compliance with the FCC RF exposure guidelines, if you wear the WORKABOUT PRO on your body, use the Psion Teklogix approved carrying case. Use of non-approved accessories may violate FCC RF exposure guidelines.

Emissions Information For Canada
This Class B digital apparatus meets all requirements of the Canadian Interference-Causing Equipment Regulations. When using the 802.11 radio option, to prevent radio interference, this device is intended to be operated indoors and away from windows to provide maximum shielding. Equipment (or its transmit antenna) that is installed outdoors is subject to licensing.

Warning for Australia
The user needs to switch off the device when exposed to areas with potentially explosive atmospheres such as petrol stations, chemical storage depots and blasting operations.

Warning to Users
This product is a Class I/Class II laser product according to CDRH 21 CFR 1040.10 and 1040.11 and Class1/Class 2 laser product according to IEC 60825-1:1993+A1:1997+A2:2001

Laser Warnings
For your own safety, it is critical that you comply with the following warnings:

Caution!
Do not look into the laser beam or point the beam at people or animals.

Caution!
Using controls or adjustments, or performing procedures other than those specified herein may result in hazardous radiation exposure.
Caution!
The use of optical instruments with this product will increase eye hazard.

Caution!
Avoid dropping the hand-held or battery. If the computer or the battery is dropped, especially on a hard surface, and the operator suspects damage, have it checked by qualified service personnel.

Do Not Operate In An Explosive Atmosphere
Operating Psion Teklogix equipment where explosive gas is present may result in an explosion.

Do Not Remove Covers Or Open Enclosures
To avoid injury, the equipment covers and enclosures should only be removed by qualified service personnel. Do not operate the equipment without the covers and enclosures properly installed.

Caution!
Danger of fire, explosion, leakage or other hazard if a battery is incorrectly handled, charged, disposed of or replaced.
All batteries recommended for this system have been qualified to IEEE1725: 2006. Replace only with the same or equivalent type recommended by Psion Teklogix. Dispose of used batteries according to the instructions described in “The Battery” on page 9. Carefully review all battery safety issues.

Vorsicht!
Explosiongefahr bei unsachgemäßem Austausch der Batterie Ersatz nur durch denselben oder einen vom Hersteller empfohlenen gleichwertigen Typ. Entsorgung gebrauchter Batterien nach Angaben des Herstellers.

Safety Instructions for the following:
• AC Wall Adaptor,
• Desktop Docking Stations, and
• Tether Cable
For your own safety, it is critical that you comply with the following warnings:
Caution!
Before use, read all safety instructions for the Docking Station, the handheld and the AC Wall Adaptor.

Caution!
To avoid the risk of fire or personal injury, use only the Psion Teklogix recommended AC adaptor.

Caution!
Use of an attachment not recommended or sold by Psion Teklogix may result in fire, electric shock, or personal injury.

Caution!
To reduce risk of damage to the electric plug and cord when unplugging the charger, pull the plug rather than the cord.

Caution!
Make sure the cord is positioned so that it is not stepped on, tripped over, or otherwise subjected to damage or stress.

Caution!
Do not operate with a damaged cord or plug. Replace immediately.

Caution!
Do not operate if the device has received a sharp blow, been dropped, or otherwise damaged in any way; it should be inspected by qualified service personnel.

Caution!
Do not disassemble; repairs must be carried out by Psion Teklogix qualified service personnel. Incorrect reassembly may result in electric shock or fire.

Caution!
To reduce risk of electric shock, unplug the AC adapter from the outlet before attempting any cleaning.
Caution!
An extension cord should not be used unless absolutely necessary. Use of an improper extension cord could result in fire or electric shock. If an extension cord must be used, make sure the plug pins on the extension cord are the same number, size, and shape as those on the adapter, the extension cord is properly wired and in good electrical condition and that the wire size is larger than 16 AWG.

Caution!
The AC adaptor is for indoor use only. Do not expose the AC adaptor to rain or snow.

3. The Battery

Battery must be fully charged before first use.

Warning: Before charging or using the battery pack, it is critical that the safety information in this section be reviewed and that all warnings are strictly followed.

BATTERIES ARE CONSIDERED HAZARDOUS WASTE.
For proper disposal, forward all used batteries to one of:

Psion Teklogix Inc.  Psion Teklogix Corp.  Psion Teklogix S.A.
2100 Meadowvale Blvd.  3000 Kustom Drive  Parc Club Du Golf-Bat 1.
Mississauga, Ontario  Hebron, Kentucky  13856 Aix-En-Provence
Canada  USA  41048  Cedex 3  France
L5N 7J9

Warning: TO PREVENT the battery from leaking acid, generating heat or exploding, adhere to precautions below.

• The battery incorporates built-in safety devices. To ensure their proper function, do not disassemble or alter any parts of the battery.
• Do not short-circuit the battery by directly connecting any of the exposed terminals with metal objects such as wire. Do not transport or store the battery together with metal objects such as necklaces, hair pins, etc.
• Do not dispose of batteries in fire as they may explode or release toxic materials and cause burns.
• Do not use or leave the battery near a heat source such as a fire or heater.
• Do not immerse the battery in water.
• When charging, use the battery charger specifically designed for the battery.
• Do not pierce, strike, throw or step on the battery.
• Do not directly solder the battery.
• Do not connect the battery to an electrical outlet, vehicle cigarette lighter, etc.
• Do not put battery into a microwave oven or pressurized container.
• Do not use the battery in combination with primary batteries (such as dry-cell batteries) or batteries of different capacities or brands.
• Immediately remove the battery from the device or battery charger and stop use if the battery gives off an odour, generates heat, becomes discoloured or deformed, or in any way appears abnormal during use.
• Do not continue charging the battery if it does not recharge within the specified charge time.
• The battery may burst or ignite if the battery leaks. Always ensure that it is away from any exposed flames.
• If leaking electrolyte sprays into your eyes, rinse them with clean running water, and immediately seek medical attention.
• Do not store the battery in extremely high temperatures (e.g., a vehicle, strong direct sunlight, etc.). This may cause the battery to overheat or ignite, and it may also reduce the performance and service life of the battery.
• Do not use in areas where static electricity is greater than what the manufacturer guarantees.
• Keep batteries out of reach of children.
4. Support Services & Worldwide Offices
Psion Teklogix provides a complete range of product support services to its customers worldwide. These services include technical support and product repairs.

4.1 Technical Support

For technical support in North America:
Call Toll free: +1 800 387 8898 Option 3, or
Direct Dial: +1 905 813 9900 Ext. 1999 Option 3.

For technical support in EMEA (Europe, Middle East and Africa), please contact the local office listed in the website below:
http://www.psionteklogix.com/EMEASupport

For technical support in Asia, please contact the local office listed in the website below:
http://www.psionteklogix.com

Technical Support for Mobile Computing Products is provided via email through the Psion Teklogix customer and partner extranets. To reach the website, go to www.psionteklogix.com, and click on the appropriate Teknet link on the home page. Then click on the “Login” button or the “Register” button, depending on whether you have previously registered for Teknet. Once you have logged in, search for the “Support Request Form”.

4.2 Product Repairs

For repair service in North America:
Call Toll free: +1 800 387 8898 Option 2 or
Direct Dial: +1 905 813 9900 Ext. 1999 Option 2.

For repair service in EMEA (Europe, Middle East and Africa), please contact the local office listed in the following website:
http://www.psionteklogix.com/EMEASupport

For repair service in Asia, please contact the local office listed in the website below:
