FCC - DECLARATION OF CONFORMITY:

Model: GX420d conforms to the following specification: FCC Part 15, Subpart B, Section 15.107(a) and Section 15.109(a) Class B digital device

Supplemental Information: This device complies with Part 15 of the FCC Rules. Operation is subject to the following Two Conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for Class B Digital Devices, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a residential environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the product manuals, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, the user is encouraged to do one or more of the following measures:

- ☑ Reorient or relocate the receiving antenna.
- ☑ Increase the separation between the equipment and receiver.
- ☑ Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ☑ Consult the dealer or an experienced radio/TV technician for help.

FCC - RADIATION EXPOSURE STATEMENT:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

The user is cautioned that any changes or modifications not expressly approved by Zebra Technologies could void the user's authority to operate the equipment. To ensure compliance, this printer must be used with shielded communication cables.

Use only power supplies listed in this manual and/or recommended and approved by Zebra Technologies.

INDUSTRY CANADA NOTICE:

This device complies with Industry Canada ICES-003 class B requirements.

Cet équipement est conforme à NMB-003 classe B de la norme Industrielle Canadian.

Utilice sólo adaptadores con las siguientes características eléctricas y que estén debidamente certificados de acuerdo a la legislación vigente. El uso de otros adaptadores podría dañar el dispositivo y anular la garantía además de provocar riesgos al usuario.
