BATTERY COMPARTMENT

MICROSD AND SIM CARD SLOTS

To insert a microSD or SIM card:

- Press the battery release buttons to remove the battery.
- Use a Phillips screwdriver to remove the SD cover screw.
- Flip the cover open.

- Slide the microSD door to the left to unlock it. Flip it open.
- Slide the microSD card onto the guides on the SD card door.
- Close the microSD door, and slide it to the right to lock it.

- Slide the SIM card metal door latch to the right to unlock it. Flip it open.
- Slide the SIM card into the guides on the SIM card door.
- Close the SIM card door, and slide the metal door latch to the left to lock it.

GETTING STARTED

1. Insert the Battery

2. Snap the Battery into Place

Press down firmly on both sides of the battery to ensure that it is securely seated in Omnii.
**Resetting the Unit**

**Important: Resetting may result in data loss.**

**To perform a cold reset:**
- Press the SYM key, the FN key, and the ENTER/Power key simultaneously for six seconds.
- During a cold reset, running programs are halted and RAM memory is cleared. The contents of flash memory and the registry are preserved. The operating system is reloaded.

**To perform a warm reset:**
- Press the FN key and the ENTER/Power key simultaneously for a few seconds.
- During a warm reset, running programs are halted. The contents of RAM, flash memory, and the registry are preserved.

---

**Quick Start Guide**

**Connect Omnii to the PC**

Connect through a docking station or a snap module with a USB port.

**Install and Configure Data Transfer Software**

Use ActiveSync® (Windows® XP or earlier) or Mobile Device Center® (Windows Vista® or Windows 7®) to establish a connection between Omnii and the PC and synchronize your e-mail, contacts, and so on.

For either ActiveSync or Mobile Device Center, go to the following website:

http://go.microsoft.com/fwlink/?LinkId=147001

**To Turn Omnii Off, Do One of the Following:**

- Press the FN key followed by the ENTER/Power key, or
- In the Start menu, choose Shutdown>Suspend.

---

**Charge the Battery**

The power adaptor can be plugged into a snap module attached to Omnii.

**Turn the Unit On**

Press and hold down the ENTER/Power key for at least one second.

**Connect Omnii to the PC**

Connect through a docking station or a snap module with a USB port.
