Getting Started with the Motion® C5m/F5m Tablet PC

Power on and off

Press the power button at the top right side of the C5m/F5m Tablet PC.

You can shut down your tablet from Windows®. Swipe from the right side of the screen, tap Settings, tap Power, then tap Shut down. If Windows doesn’t respond, force the tablet to shut down by pressing the power button for about five seconds.

Sleep

Place your C5m/F5m in Sleep mode when you go away for a short period of time to conserve battery power. When you return, the Tablet PC quickly resumes activity and your desktop is the same as you left it.

To put the Tablet PC in Sleep mode, press and release the power button. To wake up the tablet from Sleep mode, press the power button again.

Note: The power button blinks when the tablet is in Sleep mode.

Locking and unlocking

To lock and unlock your C5m/F5m, press the Security button on the right side of the Tablet PC.

Using the pen

An important difference between traditional PCs and Tablet PCs is that you frequently use a digitizer pen instead of a mouse and keyboard. The C5m/F5m pen has a pressure-sensitive tip, eraser, and a function button. Pressing the function button is equivalent to right-clicking a mouse.

Using touch

Your C5m/F5m is equipped with 10-finger touch, which means you can use your fingers to select items and open files, zoom in and out, scroll through browser windows and documents, and more.

Touch works like a mouse. Tap to select an item and double-tap to open it.

Tip: To open a right-click menu using touch, press your finger on the display until a square appears, then lift your finger and the shortcut menu appears.

If you find that the touchscreen doesn’t respond as you expect, or if the tablet starts to respond to unintentional touch input, you can fine-tune touch by resetting the touch system to its optimal state. To start the application, tap the Motion Tablet Center tile, then tap Tablet, and then tap Touch Settings.

Checking battery power

You can check the remaining battery power in your C5m/F5m by:

• From the Windows 8.1 Start Screen, swipe from the right side of the screen and the battery power indicator appears on the screen.

OR

• From the Windows Notification area, tap the power indicator, which changes appearance depending on whether the Tablet PC is plugged in or running on battery.
  – If the Tablet PC is plugged in, tap the plug icon. 
  – If it is on battery power, tap the battery icon. 

When the tablet is plugged in, the lights on the gauge indicate the battery’s current level of charge—

<table>
<thead>
<tr>
<th>Lights</th>
<th>Battery Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>Four green lights</td>
<td>The battery is between 75% and 100% charged.</td>
</tr>
<tr>
<td>Three green lights</td>
<td>The battery is between 50% and 75% charged.</td>
</tr>
<tr>
<td>Two green lights</td>
<td>The battery is between 25% and 50% charged.</td>
</tr>
<tr>
<td>One green light</td>
<td>The battery is less than 25% charged.</td>
</tr>
<tr>
<td>Flashing amber light</td>
<td>The battery is low.</td>
</tr>
</tbody>
</table>

Battery tips

• Use AC power when available. When the C5m/F5m is plugged in, the battery charges while in use.
• Put your Tablet PC in Sleep mode when you’re not using it.
• Stop unnecessary background applications and processes.
• When not in use, disable wireless adapters using Motion Tablet Center’s Power category.
• Set the brightness of the display to automatically dim after a selected number of minutes of inactivity using Motion Tablet Center’s Power category. Tap Power, tap Advanced, then tap Choose when to turn off the display.
• When using mobile broadband, reduce how often the C5m/F5m updates email and other Internet applications to once every half hour or longer.
• Disable mobile broadband when you know a signal is unavailable.
• Condition your battery once a month. To condition it, run the Tablet PC on battery power until the battery’s charge level drops below 20%.
Setting up wireless
The C5m/F5m includes built-in Wi-Fi® and Bluetooth®. Your Tablet PC may also be equipped with mobile broadband. To set up available wireless networks, follow these steps:

Step 1. Set up Wi-Fi
1. Enable Wi-Fi:
   a. Swipe from the right side of the screen and tap Settings.
   b. From the Settings menu, tap the wireless network icon.
   c. Slide the Wi-Fi On/Off slider to On.
2. Select a wireless network from the list of available networks.
3. Follow the on-screen instructions.

Step 2. Set up Bluetooth
1. Enable Bluetooth:
   a. Swipe from the right side of the screen and tap Settings.
   b. From the Settings menu, tap Change PC Settings.
   c. Under PC and Devices, tap Bluetooth.
   d. Slide the Bluetooth On/Off slider to On and the Tablet PC will begin to search for Bluetooth devices.
2. To add a Bluetooth device:
   a. Ensure that the Bluetooth device is discoverable according to the manufacturer’s instructions. (When a Bluetooth device is discoverable, it’s visible to other Bluetooth devices within range.)
   b. Select the desired Bluetooth device from the list of devices.
   c. Follow the on-screen instructions.

Step 3. Set up Mobile Broadband with GPS (optional)
If you purchased your C5m/F5m with the optional mobile broadband module, you can connect to high-speed cellular networks worldwide. With the mobile broadband module and a data plan from one of several cellular network providers, you have full Internet access.

Note Before you can connect to a mobile broadband network, you must have an active account with a cellular network provider and obtain a SIM card for mobile broadband access.

1. With the Tablet PC powered off, insert the SIM card and then power the tablet on.
2. Enable mobile broadband:
   a. Swipe from the right side of the screen and tap Settings.
   b. From the Settings menu, tap the wireless network icon.
   c. Slide the mobile broadband On/Off slider to On.
3. If the desired network service provider isn’t displayed, tap (find more) under Mobile Broadband.
   a. Select location and tap OK.
4. Select the desired network service provider.
5. Follow the on-screen instructions.

Note If you purchased your C5m/F5m with the optional Mobile broadband with GPS module or the optional discrete GPS module, your tablet has GPS capabilities. You can use GPS with your preferred mapping application to find your current and destination locations. Please refer to the User’s Guide for additional information.
Motion Tablet Center

Motion Tablet Center provides a central location for accessing and configuring the most commonly used Windows 8.1 settings.

To open Motion Tablet Center:

• Tap the Motion Tablet Center icon in the Windows taskbar.

OR

• From the Windows 8.1 Start Screen, tap the Motion Tablet Center tile.

The following table lists some of the tasks you can perform using Motion Tablet Center.

<table>
<thead>
<tr>
<th>Category</th>
<th>Task</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tablet</td>
<td>Adjust Pen and Touch Settings</td>
</tr>
<tr>
<td></td>
<td>Configure Tablet PC Settings</td>
</tr>
<tr>
<td></td>
<td>Adjust Touch Settings</td>
</tr>
<tr>
<td></td>
<td>Configure Wireless Settings</td>
</tr>
<tr>
<td>Power</td>
<td>Turn devices on or off</td>
</tr>
<tr>
<td></td>
<td>Change what the power button does when pressed when plugged in or on battery: Sleep, Hibernate, or shut down</td>
</tr>
<tr>
<td></td>
<td>Access advanced Power Management settings</td>
</tr>
<tr>
<td>Sensors</td>
<td>Calibrate the C5m/F5m’s internal compass and access Location Services</td>
</tr>
</tbody>
</table>
Using the documentation camera

Your C5m/F5m is equipped with an integrated 8MP auto-focus camera. You can use the camera to take pictures and save them on the Tablet PC. The camera lens is on the back of the unit.

**To take a photograph:**
1. Tap the camera icon on the Windows taskbar to activate Motion SnapWorks.
2. Hold the camera steady and point the lens at the object.
3. Press the camera icon to take the picture.

Using the web camera

Your C5m/F5m has a 2MP web camera that supports color images and streaming video. The web camera is located on the front of the Tablet PC in the top center area.

If you'd like to use Skype™ with your web camera, you can access it by tapping the Skype tile on the Windows 8.1 Start screen.

Follow the on-screen instructions for using Skype or the web camera software of your choice.

Entering text with the input panel or on-screen keyboard

You can use different methods to enter text with your C5m/F5m to fit your needs. You can use an on-screen touch keyboard or the handwriting panel.

**To open the on-screen keyboard:**
- Tap the keyboard icon in the Windows notification area.
- Tap in a text field, such as the URL field in a web browser.

The default on-screen keyboard will appear at the bottom of the screen.

**To open the handwriting panel:**
- In the on-screen keyboard, press and hold the keyboard icon in the lower right-hand corner of the keyboard.
- From the panel of icons that pops up, tap the handwriting panel icon.

The handwriting panel will appear at the bottom of the screen.

To close the on-screen keyboard or handwriting panel, tap the close icon in the upper right-hand corner. To minimize the on-screen keyboard or handwriting panel, tap the minimize icon in the upper right-hand corner.

Tip
The more you write, the more accurately Windows detects your handwriting style.

In addition to the default on-screen keyboard, Windows provides other keyboard layouts for entering text. You can use an expanded keyboard, which provides additional keys or a keyboard that includes a numbers keypad.

Using the web camera

Your C5m/F5m has a 2MP web camera that supports color images and streaming video. The web camera is located on the front of the Tablet PC in the top center area.

If you'd like to use Skype™ with your web camera, you can access it by tapping the Skype tile on the Windows 8.1 Start screen.

Follow the on-screen instructions for using Skype or the web camera software of your choice.
Tips

Make the most of your C5m/F5m by following these tips.

Pen and Touch tips

- You can change from right- to left-handed use. From Motion Tablet Center, tap Tablet PC Settings, tap the Other tab, then tap Left-handed.
- You can open items with one tap (instead of two) and select an item by pointing to it. From the Control Panel, tap Folder Options, then tap Single-click to open an item (point to select).

General tips

- Use only the C5m/F5m digitizer pen or your finger on the display. The Tablet PC doesn't respond to any other type of pen or stylus.
- When attaching the pen tether, slip one end of the tether through the hole at the end of the pen and pull the pen through the loop until it's tight. Then slip the other end of the tether through the attach point and pull the pen through the loop until it's tight.
- Store the pen in the pen storage bay when not in use. To store the pen, press the pen release button and insert it into the pen storage bay, tip down. To remove the pen, press the pen release button and pull the pen upward and out from the storage bay.
- Clean fingerprints and smudges from the display surface by wiping it with the display cloth provided.
- You can find the serial number of your C5m/F5m in Motion Tablet Center on the Tablet screen.
