- Adds support for 10-finger touch panel on CL910w.

Known Issues and Limitations

- NA

Installation and Configuration Instructions

To install N-trig MultiTouch Driver package, perform the following steps:
1. Download the update and save to the directory location of your choice.
2. Unzip the file to a location on your local drive.
3. Double-click the installer (TouchInstaller.exe) and follow the prompts. The package determines whether you have CL910 4-finger touch panel or CL910w 10-finger touch panel and installs the appropriate drivers.

Licensing

Refer to your applicable end-user licensing agreement for usage

terms.
