If you have installed Windows XP Service Pack 2 on a tablet PC you now have Tablet Edition 2005</p>

Overview

Intel Graphics drivers are what allow the video to function on a tablet PC.

What's New In This Release

- Improvements in video
- Works with Dashboard 3.2.3.2 to improve performance.

Known Issues and Limitations

There are no known issues or limitations at this time. This driver update works best, however, with Dashboard version 3.2.3.2.

Installation and Configuration Instructions

To install the update, do the following:

- Download the zip file to directory location of your choice
- Extract all files
- Navigate into the newly created directory
- Run Setup.exe and follow displayed instructions using the default settings. This will modify your Dashboard installation, leaving any non-default Dashboard variables in place.

Licensing

Refer to your applicable end-user licensing agreement for usage terms
