

# **MC55A0 WM 6.5 BSP 01.34.05 UPDATE LOADER IMAGE RELEASE NOTES**

## **1 INTRODUCTION**

When your managers and task workers are on the move inside your facility, the rugged MC55A0 mobile computer keeps everything they need to take instant action at their fingertips. Pure business on the inside and smart styling on the outside, the MC55A0 lets your workers access business applications, scan bar codes, snap a photo, view a video and place a private or push-to-talk call to virtually anyone in your facility — all with a single, sleek lightweight device.

Update Loader Image 01.34.05 contains the SW required to update an MC55A0 device to the Rev A software release.

This software is intended to be loaded and run on the MC55A0 Premium devices.

KB Tool is PC tool for the MC55A0.Custom Keyboard definition.
