Description

Fusion is a suite of software, which allows for WLAN connectivity, configuration, status reporting, and diagnostics.

This is a release of MC40-L-021104-N-01.zip for MC40 Android Lollipop. This release supports ETSI RED compliance.

This is a release of Fusion 22R for Android Lollipop. This release corrects the following issues:

- SPR 31955 - Resolved an issue in which Cisco AnyConnect client does not connect to the server due to incorrect IP address state reported by WLAN.
- SPR 30157 - Fixed an issue wherein the device spontaneously reboots at times.
- SPR 30458 - Resolved an issue in which toggling Wi-Fi ON/OFF repeatedly causes a Kernel Panic and reboot.
- SPR 30259 - Fixed an issue wherein device encounters random reboots while roaming in 802.1x infrastructure.
- SPR 31247 - Fixed an issue in which the WLAN radio fails to roam sometimes when Fast Transition (802.11r) is enabled on the infrastructure.
- SPR 30135 - Resolved an issue in which WLAN radio does not roam to DFS channels that resulted in stickiness or disconnect.
- SPR 31036 - Resolved issue in which MC40 was experiencing high degree of disruption to voice quality during VOIP calls.
- SPR30025 - Fixed an issue wherein the device experience audio disruption during VOIP call.
- Added Support for latest ETSI RED compliance.
Device Compatibility

This software release has been approved for use with the following Zebra devices.
