## Device Compatibility

This software release has been approved for use with the following Symbol devices.

Device	Operating System
MC70w50	Windows Mobile 5.0

## Installation Requirements

- None

## Installation Instructions

Unzip the MC70CLEANERS010100.zip file to a folder on your PC. The following files will be extracted from the zip file:

1. 70XXCLEANBOOT.zip – Zip file that contains the files to perform a clean boot only.
2. 70XXCLEANBOOTANDBLANK.zip – Zip file that contains the files to perform a clean boot and to restore the Application folder to factory settings.

Unzip either of the above. The contents will be placed into a folder with the same name as the zip file. Refer to the INSTRUCTIONS.TXT file for more information.
