Enterprise Mobile Computers
Leading-edge mobility for a competitive edge
Organizations Throughout The Global Marketplace Trust Zebra Mobile Computers for Enterprise

For more than 50 years, we have been a global market leader in rugged mobility. Decade after decade, we’ve been committed in the long run to providing you with the best in enterprise technology. That’s why organizations trust Zebra for enterprise mobile computers, including many Fortune 500 companies worldwide.

We are at the forefront of the Android™ revolution, the future of enterprise mobility. Since 2011, we’ve been championing the migration of the enterprise mobility sector from legacy Windows® operating systems to Android. With the largest and fastest expanding portfolio in the entire market, we have the right enterprise Android solution to fit your specific application.

We deliver features and benefits no one else can. Using decades of innovation, we design and optimize every mobile computer for real-world usability and harsh environments. And we back Zebra Android mobile computers with a powerful and exclusive suite of intelligent software, apps and utilities—Mobility DNA. With such expansive capabilities, Mobility DNA boosts productivity, smooths integration, simplifies and secures management and accelerates app development.

When it comes to mobility, no one can push your performance edge like Zebra.
A Performance Edge for Any Environment

Wherever work takes you, perform your best. True mobility is designed specifically for your environment, applications and challenges—whether inside your four walls or outside in the harsh elements. Here’s how Zebra can give your business the performance edge for your industry.

Transportation and Logistics
Deliver non-stop service from the first mile to the last

- Cross-docking and stocking
- Inventory management
- Picking and packing
- Proof of delivery
- Shipping and receiving
- Airline operations
- Put-away
- Reverse logistics

Manufacturing
Increase productivity from the plant floor to the front door

- Traceability
- Fleet management
- Quality assurance/inspections
- Direct store delivery
- Asset and facility management
- Cross-docking
- Picking/shipping
- Line side replenishment/WIP
- Proof of pickup and delivery
- Maintenance/field service

Healthcare
Strengthen patient safety with accuracy from admissions to discharge

- Medical administration
- Specimen collection
- Blood transfusion
- Laboratory/pharmacy management
- Healthcare communication
- Visiting nurses/home health

Retail and Hospitality
Give customers an experience that keeps them coming back

- Click and collect
- Staff enablement and communication
- Inventory management
- Assisted selling
- Mobile point of sale
- Interactive kiosks

Government and Public Safety
Improve services and safety with intelligent mobility

- E-citation
- Code inspections
- Human services
- Dispatch and records management
- Identity management
- Maintenance repair operations
Mobile Computers Are a Start But a Complete Enterprise Solution Should Go End-to-End

**Look beyond mobile computers.** Consider multi-tasking tablets, accurate scanners and steadfast printers that integrate easily, pair instantly and talk freely to one another. That’s how you can make management, usage and sharing of critical information much more effective and impactful.

**What makes Zebra’s edge-to-edge portfolio different?** Each device is strong alone. Yet together, they’ll make your workers unstoppable.
Zebra Mobility DNA

Your mobile computers’ built-in advantage

With advances in technology continuously accelerating, it’s the software inside your enterprise mobile computers that determines whether they remain relevant, agile and high-performing with a strong ROI over their entire lifecycle. That’s why all Zebra enterprise mobile computers come with a built-in advantage: Zebra Mobility DNA.

**Integrate**
Developers can effortlessly create and integrate mobile computer apps in less time with less risk
- Write it once; run it on multiple platforms
- Add advanced enterprise features
- Leverage Zebra APIs and sample code

**Optimize**
Enable workers to do more, by improving the performance and UX of their mobile computers
- Ensure reliable and consistent connectivity
- Find lost devices even if powered down
- Unify teams, communication and workflows

**Manage**
Help IT reduce the complexity of managing and maintaining mobile computers
- Centrally manage devices in multiple locations
- Resolve software and OS issues faster
- Assess utilization of mobile computers

**Secure**
Maximize IT’s ability to address new and emerging threats
- Get <10 years of timely, aggressive updates
- Migrate to the new OS at your pace
- Monitor the security status of mobile computers in real time

**Deploy**
Rapidly stage and easily configure small to large batches of mobile computers
- Configure with almost no learning curve
- Automate staging with a scan or NFC tap
- Bundle all settings and remotely stage
Handheld Computers
Versatility and velocity go hand in hand

So smart, these multi-taskers speed up work.
And a familiar interface is one you’ll immediately recognize and know how to use. But unlike consumer devices, they won’t fail you. They are made for work—tough-as-nails and ultra-secure.

MC9300 Mobile Computer
The ultimate Android ultra-rugged mobile computer
The latest evolution of the world’s best-selling and most trusted Android enterprise mobile computer.
Features
• Multiple model options: Non-Incendive, Freezer, DPM (Direct Part Mark)
• Backlit keypad with seven field-replaceable, ultra-rugged keyboard options
• Supports ease of Android migration with All-Touch Terminal Emulation
• Front and rear color camera
• Up to 10 years of OS security and support with LifeGuard™ for Android
Portfolio Differentiators
• Can help your workers be 10% more productive* 
• Most rugged mobile computer in the portfolio
• Largest display/touch screen with physical keyboard in handheld mobile computer portfolio
• Lighter in weight and improved center of gravity over the legacy MC9200
*Performance improvements of Zebra devices vs competitive devices measured by a third-party testing laboratory.

MC2200/2700 Mobile Computers
‘No-compromise’ cost-effective mobility for small and medium businesses
Affordable and versatile mobility for any worker, anywhere.
Features
• Wi-Fi and cellular to connect any worker, anywhere
• Two devices in one—brick and gun
• Water-resistant, dustproof, drops to concrete, snow, rain, heat, freezing cold
Portfolio Differentiators
• Affordable entry point to enterprise mobility
• Wi-Fi and Wi-Fi/cellular options
• Mobility DNA Enterprise available

MC3300x Mobile Computer
Easy, advanced Android mobile computing
The highly successful and widely adopted MC3000 product family delivers unmatched versatility and flexibility.
Features
• Four form factors: Brick Straight Shooter; Brick 45° Angle Scan; Brick Turret/Rotating Scanner; Gun/Pistol Grip
• Three different keyboard options
• Advanced industrial barcode scanning, 3 in. to 70 ft.
• Supports ease of Android migration with All-Touch Terminal Emulation
Portfolio Differentiators
• 35% more battery capacity than the legacy MC3300
• Increased ingress protection and tumble durability from the legacy MC3300
• Simplified configuration options compared to the MC3300

**TC21/TC26 Mobile Computers**
Right features, ruggedness and business-class accessories

With multiple configurations at different price points, you pay only for the features your application requires.

**Features**
- 5-inch HD touch screen
- 13MP rear camera/5MP front camera
- Mobility DNA Professional integrated solutions

**Portfolio Differentiators**
- Durable, lightweight right-sized, small design
- First device in its class to offer Android 10
- Mobility DNA Enterprise License option

**TC21-HC/TC26-HC Mobile Computers**
Improve quality of care with the ultimate cost-effective healthcare mobile computer

These small, easy-to-carry devices are big on features, offering the very latest in advanced mobile technologies designed from the ground up for healthcare.

**Features**
- Dedicated emergency alert button
- User replaceable battery
- Barcode scanning

**Portfolio Differentiators**
- Rich voice functionality via optional PTT inside and outside the 4-walls, and PBX handset capabilities
- Value-add complimentary Mobility DNA Professional tools
- Wi-Fi/cellular for workers in the field and large campus environments; Wi-Fi-only for inside hospital walls

---

**TC52x/TC57x Series Mobile Computers**
Packed with innovative new features

More advanced Zebra-only features and support for the latest mobile innovations paving the way for new applications and superior future proofing.

**Features**
- High resolution 5-inch full HD touch screen
- Complete cellular network flexibility with support for carrier aggregation
- Backwards compatibility with all TC5X accessories

**Portfolio Differentiators**
- Faster 2.45 GHz processor and new Universal Flash Storage (UFS)
- First device in its class to offer Android 10
- SE4720 advanced scan engine for fastest, easiest data capture

---

* Results are dependent on use case and scan frequency
** Zebra Human Factors Testing
**TC52x-HC Mobile Computer**
The most advanced mobile computer for healthcare

With a large 5-inch full HD Display, optimized voice capabilities and a disinfectant-ready design, the TC52x-HC is made to deliver a performance edge and better patient care for clinicians.

**Features**
- Dedicated emergency alert button
- True hot-swappable, removable battery
- Healthcare-friendly white illumination LEDs with green aimer

**Portfolio Differentiators**
- Most powerful processor in its class at 2.45 GHz
- Better image capture with Phase Detection Autofocus (PDAF)
- Advanced tracking with integrated BT beacon and support for Device Tracker

---

**TC72/TC77 Mobile Computers**
The ultimate ultra-rugged enterprise all-touch computing

A smartphone experience for maximum simplicity, designed to withstand years of the toughest use.

**Features**
- Withstands multiple 8 ft./1.8m drops to concrete at room temperature per MIL STD 810G
- 15-hour battery power; full battery statistics
- Programmable dual-action left and right side-scan triggers, and Push-to-Talk (PTT) button

**Portfolio Differentiators**
- More capabilities than any other device in this class
- Advanced touch screen technology
- Value-add Mobility DNA Business Tools

---

**EC30 Enterprise Companion**
The perfect companion for your unconnected workforce

Delivering all the right data features to bring a new level of efficiency and accuracy to core everyday tasks.

**Features**
- PTT inside and outside the four walls
- Voice calls through the PBX
- Secure text messaging

**Portfolio Differentiators**
- Small, lightweight and durable
- Time and attendance tracking
- Price check and item lookup

---

**EC50/EC55 Enterprise Mobile Computers**
A new category of individually assigned enterprise mobile computers

Maximize personal productivity with a smartphone-style device that is all business.

**Features**
- 5-inch display
- PTT, two-way radio and PBX
- Integrated scanner

**Portfolio Differentiators**
- Lightest and thinnest
- Long-lasting battery
- Individually assigned

---

Interactive Android Kiosks

When you need the capabilities of a tablet but not the mobility, these fixed, Android-based kiosks run all your current Android apps without battery management issues. Choose a 5-inch screen CC600 for small spaces and simple tasks like price checking and digital timeclocks, or a 10-inch CC6000 for enhanced customer concierge uses. These kiosks are equipped with support for the latest technology, a cutting-edge Android platform and powerful SD660 processors. VESA mounting and Power over Ethernet simplifies installations nearly anywhere. And their powerful tools make it easy to develop applications, integrate, deploy, and manage your kiosks. The results take customer engagement to a whole new level, giving customers the best of online and in-store shopping, with the convenient self-service capabilities they expect.

**CC600 5-inch Multi-Touch Kiosk**

Bring convenience, speed and customer satisfaction to shopping

Enable self-service in every aisle or department.

**Features**

- Quickly install Android app availability wherever it is needed
- Supports Wi-Fi, Bluetooth® and Ethernet

**Portfolio Differentiators**

- Compact, affordable and easy to install with floor-facing 2D scanner
- Integrated mic and speaker for live audio interaction

**CC6000 10-inch Customer Concierge Kiosk**

Engage customers for an exceptional shopping/service experience

Gain tablet-like performance and connectivity for fixed installations.

**Features**

- Use for digital signage, product demos or Android interactive apps
- Integrated 2D scanner and full HD camera for remote video chat
- Supports Wi-Fi, Bluetooth®, NFC and Ethernet

**Portfolio Differentiators**

- Mount horizontally or vertically with floor-facing scanner
- Three integrated USB ports for easy expansion

Personal Shopper

**PS20 Personal Shopper**

Give shoppers the ultimate personalized shopping experience

The ultimate personal shopping solution for your customers and store associates in one device.

**Features**

- Hands-free scanning
- Inventory management
- Online order
- Click and collect

**Portfolio Differentiators**

- Revolutionary locationing
- Shopping-list pathing
- Frictionless checkout

The rush is on. Free up workers to handle more. Watch how productivity rockets and accuracy surges. Hands down, these are the best hands-free solutions.

WT6300 Wearable Computer
The ultimate industrial wearable computer for hands-free mobility

The hands-free wearable computer that empowers your workers to keep pace with the e-commerce explosion.

Features
• Integrated NFC allows instant tap-to-pair with Zebra’s Bluetooth® ring scanners and headsets
• Flexible data entry with touch-screen or detachable keypad accessory
• Built rugged for use in any environment, including the freezer (-22°F/-30°C)

Portfolio Differentiators
• Compact size and lighter weight than other wearables
• 120% more processing power than the legacy WT6000
• Backwards compatible with WT6000 accessories

**RS4000 Corded Ring Scanner**
Flawless fulfillment at your fingertips

The powerful single-finger corded ring scanner that enables hands-free scanning.

**Features**
- Bright scan line to ensure precision aiming
- Easy to deploy and plug into your WT6000 wearable computer
- Scans virtually any 1D barcode in any condition

**Portfolio Differentiators**
- Lightweight scanner
- Can be worn on a single finger on either hand for maximum comfort
- Two scanning modes, press the trigger button once or keep the trigger depressed to continuously scan

**RS5000 1D/2D Corded Ring Scanner**
Maximize every minute and dollar

The single-finger corded ring scanner that enables hands-free scanning.

**Features**
- Lightweight scanner
- Advanced scanning technology and PRZM Intelligent Imaging
- Capture barcodes from near contact to over 25in./63.5cm

**Portfolio Differentiators**
- Can be worn on a single finger on either hand for maximum comfort
- Easy to deploy and plug into your WT6000 wearable computer
- Supports sub-zero freezer operations

**RS5100 Bluetooth® Ring Scanner**
Single-finger featherweight and rugged

The single-finger Bluetooth® ring scanner that enables hands-free mobility giving workers featherweight comfort.

**Features**
- Advanced scanning technology and PRZM Intelligent Imaging
- Flexible wearing styles, on right or left hand, on the back of the hand or on a lanyard
- Multiple trigger options; single trigger, double trigger or top trigger
- Two-piece design that separates the trigger assembly from the scanner body (trigger assembly can be personally issued and is field replaceable)

**Portfolio Differentiators**
- Practically weightless for all day comfort
- Instantly tap-to-pair with Zebra’s WT6000 or other Zebra mobile computers integrated with NFC
- Only ring scanner in its class that can support back-to-back shifts without recharging the battery

**RS6000 Bluetooth® Ring Scanner**
Scan faster and 4x farther

The industry’s most advanced most rugged Bluetooth® ring scanner.

**Features**
- Multi-color LED line-of-sight sorting
- Advanced scanning technology and PRZM Intelligent Imaging
- Charge your WT6000 and RS6000 at once in the same cradle

**Portfolio Differentiators**
- Can scan faster and up to 4x farther than the competition
- Easy Bluetooth® and NFC tap-to-pair with other Zebra mobile computers
- 5x the battery power of the competition

**HD4000 Head-Mounted Display**
Hands-free direction in your workers’ real-time field of view

The first-of-its-kind, rugged, enterprise, head-mounted display needed to improve productivity and task accuracy.

**Features**
- Rugged to withstand everyday drops, dust and water
- Flexible design with adjustable frame for either left or right eye use
- Simple integration of industry applications
- Key hardware component to Zebra’s FulfillmentEdge Solution

**Portfolio Differentiators**
- Best-in-class see-through display technology
- Lighter than any other wearable optic display on the market at less than 1.06oz/30g (weight applies to module only, not the glasses, mount or cable)
- No batteries required. Leverages the battery of the host mobile computer or tablet it is plugged into

**RS51000/HS2100 Headsets**
The sound choice for a superior voice experience

Rugged Bluetooth® and corded HD voice headsets built for the most demanding industrial environments.

**Features**
- Superior noise cancellation technology
- HD voice for superior audio clarity and quality
- Easy Bluetooth® and NFC tap-to-pair with other Zebra mobile computers (HS3100 only)

**Portfolio Differentiators**
- Perfect combination of light and rugged
- Supports freezer operations
- Hot swappable battery (HS3100 only)
Rugged Enterprise Tablets
Tough, sure but also tailored for you

There’s no user who can’t find just the right fit. Price checks. Inventory lookup. Line busting. Pre-trip checklist. Real-time route updates. GIS or CAD software. Proof of delivery. Every feature and form factor was added to help you succeed at your job. Inside the four walls and outside in the harshest environments.

ET51/ET56 Rugged Enterprise Tablets
Surprisingly rugged, thin and light

Key Features
- Choose 8-inch or 10-inch screen
- Choose Windows or Android OS
- Fully rugged with consumer style design

Portfolio Differentiators
- Lightest Zebra tablets
- Expansion back adds functionality; additional power, scanning and payment modules
- Rugged frame increases durability

ET51 with Integrated Scanner
Compact enterprise tablet with built-in scanning

Key Features
- Choose Windows or Android OS
- 8-inch screen and built-in scanner
- Fully rugged design with hand strap on the side

Portfolio Differentiators
- Includes hand strap and rugged frame as standard equipment
- Option for payment device (that charges in place)

L10 Series Ultra-Rugged Tablet Platform
Versatility meets ruggedness

Features
- Choose Windows or Android OS
- Choose from three form factors: X Slate, X Pad, X Book
- Rugged specs that outperform in the harshest conditions

Portfolio Differentiators
- X Slate: classic slate form factor
- X Pad: rigid handle with integrated barcode reader
- X Book: X Slate with kickstand and keyboard

ET80/ET85 Rugged 2-in-1 Windows Tablets
Rugged tablets made for the difference you make

Features
- Rugged, yet thinner and lighter than major 2-in-1 competitors
- 2 devices in 1: standalone tablet and true laptop replacement
- Advanced wireless connectivity with support for Wi-Fi 6E, 5G, CBRS and more

Portfolio Differentiators
- True 12-inch 2-in-1 tablet with friction hinge keyboard
- Optional integrated barcode reader
- Universal docking solution: desktop and vehicle
Vehicle-Mounted Computers
Propel the pace from dock to stock

A spiraling quantity of orders. Complex item-level picking. Shorter delivery times. You don’t have weeks to fulfill orders. Only hours. Give drivers unstoppable access to Win10 or Android applications, so their results are fast and flawless.

VC80x Vehicle-Mounted Computers
Put desktop applications at the fingertips of vehicle operators

The ultimate ultra-rugged Android touch vehicle mount computer for the most extreme environments.

Features
- VC80x: supports ease of Android migration with Terminal Emulation
- Flexible mounting in virtually any material handling vehicle

Portfolio Differentiators
- Freezer-ready for the coldest supply chains and condensing environments
- Optional heated rugged detachable keyboard
- Heated and vented UPS battery system keeps the device up and running over the full device temperature range

VC8300 Vehicle-Mounted Computers
The ultimate ultra-rugged design

Android keyboard/touch vehicle mount computer designed for the most extreme environments.

Features
- Flexible data entry with integrated full alphanumeric keyboard and 8-inch touch display
- Supports ease of Android migration with Terminal Emulation
- Configure Zebra scanners with the VC8300 to accelerate staging

Portfolio Differentiators
- Most advanced Android mobile computing platform (most powerful processors for superior performance)
- Freezer-ready for the coldest supply chains and condensing environments
- Flexible mounting in virtually any material handling vehicle

PowerPrecision Batteries
Built for durability and performance
The last thing you want is to run out of power in the middle of work. PowerPrecision batteries give you non-stop performance, because they’re made to meet rigorous standards. Add to that PowerPrecision Management, and you have insight into your batteries’ health and status. So you can start your day fully charged.

Don’t keep customers waiting. Turn your mobile computer into a do-it-all mobile solution that works faster. Whatever you need to simplify and speed up your day, we have. Choose from the widest array of enterprise-class accessories made for round-the-clock performance.

Accessories
Speed and capabilities you’ll get attached to

Carrying Solutions
Carry the day
Get a firm grip on work with belt clips, holsters, hand mounts or shoulder and hand straps that keep mobile devices handy. Choose from a wide range of sizes for maximum comfort. They’re made to perform in your rugged environments.

Power Supplies
Charge ahead
Ensure all-day power, every day. Keep going with 24/7 Extension Back PowerPacks, warm and hot swap internal batteries, charging cradles and cables.

PowerPrecision Batteries
Built for durability and performance

Docks, Cradles and Mounts
When productivity is the destination
Mount a plan of action with our lineup of docking and mounting solutions to fit any application, from desktop to wall mount; forklift to patrol car. Select from a variety of Zebra and third-party office, industrial and vehicle solutions, adapters, plates, braces and brackets.

And Then Some
Expand choices; expand capabilities
With this much versatility, there are accessories for every application. Ask us about our styluses, antennas, headsets, speakers, mobile payment options, screen protectors and more.
Global Services
Maximize uptime and ROI

Whether it’s understanding operational utilization, maximizing predictability and uptime or simply unlocking the data of your edge devices, Zebra’s portfolio of services provides expertise every step of the way.

Zebra OneCare™
Maintenance Plans

Constant, peak performance. That’s the upside of protecting your investment with our maintenance plans. You eliminate unexpected disruptions and unbudgeted repair expenses. Whether you need comprehensive coverage, assistance with technical issues, visibility into your contracts and operational reports or on-site support, there’s a Zebra OneCare™ plan that’s right for you.* Choose the service level and requirements that fit your business needs:

Zebra OneCare™ Essential
- Comprehensive repair services
- Software support
- 8x5 live-agent technical support
- 3-day repair turnaround service
- Device Diagnostics**
- Cloud-based visibility into repair and support reports—contracts, repair and case lifecycle reports, LifeGuard Analytics, repair on-time delivery, repair rates and top repair metrics—with VisibilityIQ™ OneCare, enabled by Enterprise Asset Intelligence and powered by Zebra Savanna™

Zebra OneCare™ Select
All of the features of Zebra OneCare Essential service, plus:
- Next business day advanced device replacement
- Standard Commissioning services to ensure your OS and LifeGuard version, software, apps and settings are pre-loaded on your devices so you’re ready to go out of the box
- 24x7 live-agent help desk technical support

Signature Services

Data insights from the technologies at the edge of your network can open up a world of new commercial opportunities. But without the right skills or resources, you could miss out on the full benefits. With its nine offerings, Zebra Signature Services solves this issue by accelerating the speed with which businesses introduce new solutions—e.g. RFID, location solutions and Workforce Connect—to operate more productively and drive new revenue growth with minimal investment. Offerings include Software Integration, RFID Design, and Learning Services. Learn more about our nine capabilities at https://www.zebra.com/us/en/services/signature-services.html

Zebra Visibility Services

You could be caught off-guard by device downtime and battery failures when you don’t have visibility into your device data to tell you how your devices are performing, so you can decide what next steps you can take to improve your operations. Without clear, comprehensive data on the mobile devices that run your business, you’re in the dark trying to compensate with manual tracking, excessive inventory and repair. Zebra’s VisibilityIQ™ gives you data-driven, actionable insights when and how you need it. Get a clear view into how your devices are performing and know what next steps can push up productivity and drive down costs.
