Enterprise Mobile Computers

Leading-Edge Mobility for a Competitive Edge
For nearly 50 years, we have been the unmatched global market leader in rugged mobility. Decade after decade, we’ve been committed in the long run to providing you with the best in enterprise technology. Zebra mobile computers are the culmination of billions of dollars invested in R&D and more than 4,200 patents, amassing dozens of industry awards for innovation in the last three years alone. The fact is that more organizations trust Zebra than any other manufacturer in the world, including nearly every Fortune 500 company.

We are at the forefront of the Android revolution, the future of enterprise mobility. From day one, we’ve been championing the migration of the enterprise mobility sector from legacy Windows® operating systems to Android. With the largest and fastest expanding portfolio in the entire market, we have the right commercial Android solution to fit your specific application.

We deliver features and benefits no one else can. Using decades of innovation, we design and optimize every mobile computer for real-world usability and harsh environments. And we back Zebra mobile computers with a powerful and exclusive suite of intelligent software, apps and utilities—Mobility DNA. With such expansive capabilities, Mobility DNA boosts productivity, smooths integration, simplifies and secures management and accelerates app development.

When it comes to mobility, no one can push your performance edge like Zebra.
A Performance Edge for Any Environment.

Wherever work takes you, perform your best. True mobility is designed specifically for your environment, applications and challenges—whether inside your four walls or outside in the harsh elements. Here’s how Zebra can give your business the performance edge for your industry.

Transportation and Logistics
Deliver non-stop service from the first mile to the last.
- Cross-docking and stocking
- Picking and packing
- Shipping and receiving
- Put-away
- Inventory management
- Proof of delivery
- Airline operations
- Reverse logistics

Manufacturing
Ratchet up productivity from the plant floor to the front door.
- Traceability
- Quality assurance
- Asset and facility management
- Picking / shipping
- Proof of pickup and delivery
- Fleet management
- Direct store delivery
- Cross-docking

Healthcare
Strengthen patient safety with accuracy from admissions to discharge.
- Medical administration
- Blood transfusion
- Healthcare communication
- Specimen collection
- Laboratory / pharmacy management

Retail and Hospitality
Give customers an experience that keeps them coming back.
- Click and collect
- Inventory management
- Mobile point of sale
- Staff enablement and communication
- Kiosks

Government
Improve services and safety with intelligent mobility.
- E-citation
- Human services
- Identity management
- Code inspections
- Asset management
Look beyond mobile computers. Consider multi-tasking tablets, accurate scanners and steadfast printers that integrate easily, pair instantly and talk freely to one another. That’s how you can make management, usage and sharing of critical information much more effective and impactful.

What makes Zebra’s edge-to-edge portfolio different? Each device is strong alone. Yet together, they’ll make your workers unstoppable.
With Mobile Intelligence, Performance is Touch ... and GO.

Without embedded intelligence, mobile computers are more stop than go. Zebra’s Mobility DNA not only empowers workers, but also meets the needs of IT with the industry’s most evolved and extensive suite of software. And as your needs evolve, so too does Mobility DNA.

**Management Tools**
Simplify management via centralized tools and fortified security.
- Deepens control and visibility
- Optimizes uptime
- Accelerates troubleshooting
- Offers government-grade encryption
- Locks apps

**Business Tools**
Optimize the way enterprise workers communicate and work.
- Increases collaboration with instant communication
- Maximizes every minute with smarter workflows

**Productivity Tools**
Get the most out of every minute.
- Makes jobs easier
- Completes tasks faster
- Boosts accuracy
- Sidesteps downtime

**Development Tools**
Effortlessly develop and integrate applications into mobile devices.
- Migrates operating systems smoothly
- Expedites deployments
- Writes off risks, errors and delays

**Protection and Peace of Mind**
Extend the life cycle of Android™ enterprise mobile computers. Get aggressive, predictable, security patch updates.

**LifeGuard™ for Android**
- Adds up to 10 years of OS security support
- Matches the enterprise hardware life cycle
- Significantly lowers total cost of ownership
- Simplifies management and remote updates
Zebra Handheld Computers

**MIDRANGE**
MC3300 Mobile Computer
Easy, Advanced Android™ Mobile Computing
Meet the latest improvement on the successful MC3000 Series. The MC3300 provides the longest scanning range, high-end mobile computing features and versatile options at competitive prices in three convenient form factors—gun, turret and brick.

**MIDRANGE**
MC3200 Mobile Computer
One of the Most Popular Mobile Computers
Complete inventory tasks in seconds with the tough, lightweight and cost-effective workhorse. Built on the popular MC3000 Series, the MC3200 comes in three form factors—brick, gun and turret.

**PREMIUM**
MC9200 Mobile Computer
Made for the Most Demanding Jobs
Go to the extreme with this best seller. Work in subzero cold, searing heat, rain and dust with the most resilient handheld that is built tough. It delivers rapid-fire scanning—60% closer and 35% farther than the competition—and comes in gun and brick form factors.

**PREMIUM**
TC8000 Touch Computer
Increase Worker Productivity by 14%* Gain an extra hour of productivity with the revolutionary device that eliminates the need to tilt and verify every scan. Up to 33% lighter than traditional models, it also reduces muscle fatigue.

* Results depend on use case and scan frequency.

**PREMIUM**
TC72 / TC77 Series Touch Computers
The Ultimate Ultra-Rugged Enterprise All-Touch Computing
These touch computers build on the highly successful TC7x Series to create the ultimate, ultra-rugged, all-touch computer for all workers inside and outside the four walls. They operate on a new platform that offers more capabilities than any other device in this class.

Manufacturing Retail Warehouse Mobility DNA
Transportation & Logistics Hospitality Healthcare
So smart, these multi-taskers speed up work. And a familiar interface is one you’ll immediately recognize and know how to use. But unlike consumer devices, they won’t fail you. They are made for work—tough-as-nails and ultra-secure.

**Versatility and Velocity Go Hand in Hand.**

**TC20 / TC25 Mobile Computers**

**Big Performance for Small Businesses**

Take inventory at record speeds. Get instant answers without leaving your customers. Never run out of power again. Zero training needed to use these hardworking, smart business tools designed for small business.

**TC52 / TC57 Series Touch Computers**

**Rugged and Ready**

These touch computers build on the highly successful TC5x Series, adding a new platform and new capabilities to deliver the ultimate in enterprise-class touch computing.

**TC70x / TC75x Series Mobile Computers**

**Your Front Line to a Smarter Enterprise**

A rugged design for reliable everyday operation in the most demanding environments, the TC70x / TC75x Touch Computers give you the Android operating system with everything you need to streamline your workflows and maximize your return on investment—from world-class voice and data features to snap-on accessories that let you add new capabilities, when and where you need them.

**TC51 / TC56 Series Touch Computers**

**Beauty, Brawn and Brains—Everything Workers Want, Everything Business Needs**

Don’t compromise device design for enterprise functionality—or enterprise functionality for device design. With a rugged industrial design that looks and feels like the most popular pocketable consumer-style smartphones, along with the Zebra-only enterprise-class features, power, security and manageability, the TC51 and TC56 are touch computers that are truly in a class of their own.

**PS20 Personal Shopper**

**Give Shoppers the Ultimate Personalized Shopping Experience**

The next evolution of the MC18, the PS20 delivers revolutionary locationing, hands-free scanning and customer assistance for frictionless checkout. The same powerful device can be used by your store associates to increase productivity.
Zebra
Wearable Computers
Mobility You Can Comfortably Wear ... Anywhere.

The rush is on. Free up workers to handle more. Watch how productivity skyrockets and accuracy surges. Hands down, these are the best hands-free solutions.

WT6000 Wearable Computer
Hands-Free Mobility That Won’t Wear Out Workers
Work comfortably all day long with the light, compact WT6000. Softkeys simplify complex processes, and the hard exterior withstands punishing environments. Inside, intelligence eases device security, management and app migration.

RS5000 1D / 2D Corded Ring Scanner
Maximize Every Minute and Dollar
Keep delays and expense at arm’s length. The cost-effective 1D/2D scanner captures virtually any barcode at blazing fast speeds, regardless of its condition. Lightweight, it will leave workers comfortable and free to juggle more tasks.

RS6000 Bluetooth Ring Scanner
Scan Faster and 4X Farther
Lightning-fast capture of virtually any 1D or 2D barcode is enabled by powerful PRZM Intelligent Imaging technology. With this small scanner, it happens as fast your workers can press the trigger—even when items are in motion. It’s Zebra’s most advanced rugged Bluetooth ring scanner.

HS3100 / HS2100 Headsets
The Sound Choice for a Superior Voice Experience
It’s full speed ahead with crisp, clear audio, consumer styling and a feather-light form factor. Choose between the HS3100 Bluetooth® and HS2100 corded designs. Both are loaded with features for the most demanding environments.

RS4000 Corded Ring Scanner
Flawless Fulfillment at Your Fingertips
Put an end to the stop-and-start steps that kill productivity. This small, lightweight 1D ring scanner keeps workers’ eyes up and hands free to handle orders.
Zebra
Enterprise Tablets
Business Tablets Built for a Hard Day’s Work.

There’s no request these enterprise tablets can’t handle. Price checks. Inventory lookup. Mobile checkout. Pre-trip checklist. Real-time route updates. Proof of delivery. Every feature and form factor was made to expedite your everyday tasks. Inside the four walls and outside in the harshest elements.

**L10 Rugged Tablet Platform**
**Versatility meets Ruggedness**
The latest Zebra L10 fully rugged and extremely versatile platform is all about choice. A variety of tablet configurations and a shared accessory ecosystem providing blazing fast, powerful performance simply redefines the concept of tablet.

**VC80 Series Vehicle-Mounted Computers**
**Put Desktop Applications at the Fingertips of Vehicle Operators**
Dust- and water-tight. Ice- and condensation-proof. These rugged, quick-release workhorses materialize higher throughput in the harshest conditions, from the yard to the warehouse, loading dock and freezer.

**ET50 / ET55 Enterprise Tablets**
**Multiple Options; Countless Applications**
No need to choose looks over functionality. Get both with the amazingly versatile ET50 and ET55 tablets that offer the most accessories for countless applications inside the four walls or out in the field.

**XSLATE R12 Rugged Tablet**
**Large Screen, yet Lightweight**
A highly adaptable enterprise-grade 2-in-1 Windows PC platform that accommodates the working styles and aesthetic preferences of your mobile workers in mixed environments.

Zebra
Vehicle-Mounted Computers
Propel the Pace from Dock to Stock.

A spiraling quantity of orders. Complex item-level picking. Shorter delivery times. You don’t have weeks to fulfill orders. Only hours. Give drivers unstoppable access to desktop applications, so they finish tasks fast and flawlessly.

**VH10 / VH10F Vehicle-Mounted Computers**
**Do it Fast; Do it Right**
Run virtually any warehouse application despite all-day pounding, dust, dirt, ice, heat and condensation. The VH10 / VH10F deliver display space and a full-size keyboard, yet fit in even the smallest spaces.
Don't keep customers waiting. Turn your mobile computer into a do-it-all mobile solution that does work faster. Whatever you need to simplify and speed up your day, we have. Choose from the widest array of enterprise-class accessories made for round-the-clock performance.

Carrying Solutions
Carry the Day
Get a firm grip on work with belt clips, holsters or shoulder and hand straps that keep mobile devices handy. Choose from a wide range of sizes for maximum comfort. They're made to perform in your rugged environments.

Power Supplies
Charge Ahead
Ensure all-day power, every day. Keep going with 24/7 Extension Back PowerPacks, warm and hot swap internal batteries, charging cradles and cables.

PowerPrecision Batteries
Built for Durability and Performance
The last thing you want is to run out of power in the middle of work. PowerPrecision batteries give you non-stop performance, because they’re made to meet rigorous standards. Add to that PowerPrecision Management, and you have insight into your batteries’ health and status. So you can start your day fully charged.

Vehicle Mounts
When Productivity is the Destination
Mount a plan of action with our lineup of mounting solutions to fit any environment from quick release designs to U-mounts. Select from a variety of Zebra and third-party rugged solutions, adapters, plates, braces and brackets.

Kiosks
Make a Stand for Greater Sales
Get the reliable accessories to keep selling. Add wall or placard mounts and cables to close the deal, every time.

And Then Some
Expand Choices; Expand Capabilities
With this much versatility, there are accessories for every application. Ask us about our styluses, antennas, headsets, speakers, mobile payment options, screen protectors and more.
Zebra Signature Services
Data insights from the technologies at the edge of your network can open up a world of new commercial opportunities. But without the right skills or resources, you could miss out on the full benefits. **Zebra Signature Services accelerate your ability to unlock intelligence** from your data, so you can run your business more productively.

Zebra OneCare™ Support Services
Constant, peak performance. That’s the upside of protecting your investment with our support services. You eliminate the unexpected disruptions and unbudgeted repair expenses. Whether you need comprehensive coverage, assistance with technical issues, software updates or on-site support, there’s a Zebra OneCare Support Service that’s right for you*.

Choose from three service levels:

Zebra OneCare™ Visibility Services
Go beyond traditional repair services. See the location, status and full state of critical assets to preempt problems, optimize utilization and amplify performance.

**Asset Visibility Service (AVS)**
Gain at-a-glance visibility into asset inventory and the health of all your Zebra mobile computers and Link-OS® networked printers with this quickly activated subscription-based service. No on-site equipment or MDM / EMM needed.

**Operational Visibility Services (OVS)**
You can’t manage what you can’t see. OVS solves that with the advanced insight an EMM solution alone cannot provide. From a single pane of glass on a cloud-based portal, gain deep visibility into your mobile computers and printers with predictive analytics to prevent potential device issues, and help maximize workforce productivity and business efficiency.

* Service feature and/or repair turn-around time may differ by country
