Enterprise Mobile Computers
Leading-Edge Mobility for a Competitive Edge
More People Trust Zebra Mobile Computers for Enterprise than Any Other Manufacturer in the World

For over 50+ years, we have been the unmatched global market leader in rugged mobility. Decade after decade, we’ve been committed in the long run to providing you with the best in enterprise technology. The fact is that more organizations trust Zebra than any other manufacturer in the world, including many Fortune 500 companies worldwide.

We are at the forefront of the Android revolution, the future of enterprise mobility. Since 2011, we’ve been championing the migration of the enterprise mobility sector from legacy Windows® operating systems to Android. With the largest and fastest expanding portfolio in the entire market, we have the right commercial Android solution to fit your specific application.

We deliver features and benefits no one else can. Using decades of innovation, we design and optimize every mobile computer for real-world usability and harsh environments. And we back Zebra mobile computers with a powerful and exclusive suite of intelligent software, apps and utilities—Mobility DNA. With such expansive capabilities, Mobility DNA boosts productivity, smooths integration, simplifies and secures management and accelerates app development.

When it comes to mobility, no one can push your performance edge like Zebra.
A Performance Edge for Any Environment

Wherever work takes you, perform your best. True mobility is designed specifically for your environment, applications and challenges—whether inside your four walls or outside in the harsh elements. Here’s how Zebra can give your business the performance edge for your industry.

Mobile Computers Are a Start
But a Complete Enterprise Solution Should Go End-to-End

Look beyond mobile computers. Consider multi-tasking tablets, accurate scanners and steadfast printers that integrate easily, pair instantly and talk freely to one another. That’s how you can make management, usage and sharing of critical information much more effective and impactful.

What makes Zebra’s edge-to-edge portfolio different? Each device is strong alone. Yet together, they’ll make your workers unstoppable.
Mobility DNA

With Mobile Intelligence, Performance is Touch ... and GO

Without embedded intelligence, mobile computers are more stop than go. Zebra’s Mobility DNA not only empowers workers, but also meets the needs of IT with the industry’s most evolved and extensive suite of software. And as your needs evolve, so too does Mobility DNA.

Zebra Visibility Services

You could be caught off-guard by device downtime and battery failures when you don’t have visibility into your device data to tell you how your devices are performing, so you can decide what next steps you can take to improve your operations. Without clear, comprehensive data on the mobile devices that run your business, you’re in the dark trying to compensate with manual tracking, excessive inventory and repair.

**Zebra’s VisibilityIQ™** gives you the data-driven, actionable insight when and how you need it. Get a clear view into how your devices are performing and know what next steps can push up productivity and drive down costs.

**VisibilityIQ™ Foresight**
Go beyond an MDM and view full operational aspects of your devices from a single dashboard view.

**VisibilityIQ™ DNA**
Peer inside your hardware for answers to key DNA efficiency.

**VisibilityIQ™ OneCare®**
View status of device repairs, technical issues, contracts, case reports and software, and LifeGuard™ security status visibility.****
