NA	Connect Inc	CloudMax	Android, CE	Software to maximize productivity in real-time of mobile data-collections operations.	Education, Federal Government, Healthcare, Hospitality, Human Services, Manufacturing, Petrochemical, Public Safety, Retail, Transportation and Logistics, Utilities, Wholesale Distribution	MC3200, MC9200, TC70, WT4100	Zebra Enterprise Validated
NA	Crave InfoTech	cDashboard	Android	cDashboard offers an optimum solution to monitor Power Generation real-time on any handheld device. It shows Power,frequency and date time of particular Unit of Power Plant. If there is any issue in generating Power then it directly highlight that Unit on dashboard.	Manufacturing Utilities	TC75	Zebra Enterprise Validated
NA	Crave InfoTech	cEPOD	Android	cEPOD offers an optimum solution to monitor deliveries and service calls real-time on any handheld device. It confirms specifications, date, time and location address and allow to capture the items delivered and services performed. Solution capture the delivery confirmation along with signature capture. Delivery personnel can track the delivery inventory which gets updated with deliveries made Application is fully integrated with ESS and SAP B1. Fully configurable application through back-end to best match business specific UI and functional requirements. To check demo app login credential are: Username: Demo Password:crave	Utilities, Manufacturing, Transportation & Logistics, Field Mobility	TC55, TC75	Zebra Enterprise Validated
NA	Crave InfoTech	EPOD	Android	Crave Infotech's Electronic Proof of Delivery system or EPOD offers an optimum solution to monitor deliveries in real time on handheld devices. Not only does it confirm the specifications, date, time and address of delivery but also records the name of the person receiving the goods along with his / her electronic signature thereby simplifying the whole process manifold.	Transportation and Logistics	TC55, TC75	Zebra Enterprise Validated

Region	Partner	Application	Platform	Description	Verticals	Zebra Product	Program Status
NA	Crave InfoTech	Invoice Approval	Android	Invoice Approval offers an optimum solution to approve Invoices of supplier using any handheld device. It shows list of Supplier Invoices for approval along with cost details. This application is fully integrated with SAP backend. Higher level authority can easily approve/Reject Invoices using handheld device.	Manufacturing Transportation & Logistics Utilities	TC75	Zebra Enterprise Validated
NA	Crave InfoTech	Leave Approval	Android	Leave Approval offers an optimum solution to approve Leave of an employee on any handheld device. It shows list of Leave application along with employee and Leave details. This application is fully integrated with SAP backend. Higher level authority can easily Approve/Reject leave using handheld device.	Manufacturing Transportation & Logistics Utilities	TC75	Zebra Enterprise Validated
NA	Crave InfoTech	Notification Approval	Android	Notification Approval offers an optimum solution to approve Notification using any handheld device. It shows list of Notification for approval along with Signature capture functionality. This application is fully integrated with SAP backend. Higher level authority can easily approve/Reject Notification using handheld device.	Manufacturing Transportation & Logistics Utilities	TC75	Zebra Enterprise Validated
NA	Crave InfoTech	Payment Approval	Android	Payment Approval offers an optimum solution to approve payment of vendors using any handheld device. It shows list of pending payments for approval along with cost details. This application is fully integrated with SAP back end. Higher level authority can easily approve/Reject payments using handheld device.	Manufacturing Transportation & Logistics Utilities	TC75	Zebra Enterprise Validated
NA	Crave InfoTech	Project Approval	Android	Project Approval offers an optimum solution to approve New Project of an organization using any handheld device. It shows list of new project for approval along with project details. This application is fully integrated with SAP backend. Higher level authority can easily Approve/Reject project using handheld device.	Manufacturing Transportation & Logistics Utilities	TC75	Zebra Enterprise Validated
NA	Crave InfoTech	Purchase Order Approval	Android	Purchase Order Approval offers an optimum solution to approve purchase order using any handheld device. It shows list of purchase orders for approval along with order details. This application is fully integrated with SAP backend. Higher level authority can easily approve/Reject Purchase Order using handheld device.	Manufacturing Transportation & Logistics Utilities	TC75	Zebra Enterprise Validated

Region	Partner	Application	Platform	Description	Verticals	Zebra Product	Program Status
NA	Crave InfoTech	Purchase Requisition Approval	Android	Purchase Requisition Approval offers an optimum solution to approve purchase requisition using any handheld device. It shows list of purchase requisition for approval along with purchase details. This application is fully integrated with SAP backend. Higher level authority can easily approve/Reject Purchase requisition using handheld device.	Manufacturing Transportation & Logistics Utilities	TC75	Zebra Enterprise Validated
NA	Crave InfoTech	Sales Order Approval	Android	Sales Order Approval offers an optimum solution to approve sales order using any handheld device. It shows list of sales order for approval along with order details. This application is fully integrated with SAP backend. Higher level authority can easily approve/Reject Sales Order using handheld device.	Manufacturing Transportation & Logistics Utilities	TC75	Zebra Enterprise Validated
NA	Crave InfoTech	SAP Work Manager 6.2	Android	SAP Work Manager (w/m) is a comprehensive mobile application that allows remote workers to access, transfer, complete and manage their assigned work orders and service requests. SAP WM empowers technicians to work more efficiently and make better-informed decisions by giving them access to the relevant information they need at the point of performance. Whether within the four walls, on the plant floor, or out in the field with your customers, SAP WM enables technicians to reference SAP ERP data such as task lists, safety details, repair histories and bills of materials.	Manufacturing	MC9200, TC70, TC75	Zebra Enterprise Validated
NA	Crave InfoTech	SAP Work Manager 6.2 with Meter Management	Android	SAP Work Manager with Meter Management is a comprehensive mobile solution for the automation of field service processes. Regardless of connectivity, SAP Work Manager with Meter Management allows remote employees to access, complete, and manage their assigned Tasks and service requests via mobile devices. The Meter Management add-on component for Work Manager helps utility companies to integrate meter data management systems with SAP back-office applications. The solution is designed to connect customer usage data that had been collected from meters with billing, customer care, and other operational and business applications from SAP.	Utilities	TC75, MC9200	Zebra Enterprise Validated

Region	Partner	Application	Platform	Description	Verticals	Zebra Product	Program Status
EMEA	Gacrux	GX Mechanic Calendar	Android	GX Mechanic Calendar is a business calendar for mechanics, or anybody who need to record tasks and appointments together. It contains a mini CRM for company information, a mini inventory management for devices and parts. It synchronizes the calendar events with your calendar you set up in settings and you can check your availability in one calendar and add decide which appointment fits into your day.	Manufacturing, Transportation and Logistics	TC55, TC70	Zebra Enterprise Validated
NA	IBM	IBM Maximo Inspection	Android	IBM Maximo® software is the industry leading Enterprise Asset Management (EAM) technology solution on the market today. This integrated productivity tool and database helps you achieve maximum efficiency by managing asset types on a single software platform and automating all aspects of maintenance operations, including equipment history, scheduling, preventive maintenance, work orders, labor and expense tracking, procurement, and reporting. The benefits of an IBM Maximo software implementation speak for themselves: ■ Improved asset Return On Investment ■ Reduced costs and risk ■ Enhanced productivity and efficiency ■ Better asset-related decision-making ■ Improved responsiveness ■ Streamlined regulatory compliance activities ■ Reduced Total Cost of Ownership	Transportation and Logistics	TC75	Zebra Enterprise Validated

NA	Zebra Technologies	Printer Setup	Android	An Easy Way to Configure Your Printers. The faster you get new equipment up and running, the more quickly you can achieve your return on investment. With Zebra's Android Printer Setup Utility, configuring your Link-OS printers to optimize performance is easy – no specialized knowledge required. Just download Zebra's Printer Setup Utility app on your Android mobile device and tap the printer you wish to configure. Your printer and device will instantly begin communicating via Bluetooth. Then follow the simple setup wizard that walks you through how to set specific printing parameters – such as calibration, media type, ribbon, printer language and security – to optimize performance. Bluetooth Printers Now Manageable – Even in the Field Traditionally, Bluetooth printers are not easily managed – particularly when the printers are used in the field by a mobile workforce.
