Thermal Printers
Demanding Work Demands the Best
The clock is ticking. Deadlines are looming. Your printer has to work. Period. In blazing heat and ice cold. In high traffic and high humidity. Whether dropped or dirtied.

It will, if it is a Zebra thermal printer. From the dock to the door. From the stockroom to the hospital room. From the plant floor to the sales floor. These printers won’t let you down. They’re rigorously tested to never test your patience.

What about IT’s workload? Only intelligent printers can offload that. That’s because they talk to existing systems and cloud services from day one. They offer set-it-and-forget-it ease for managing and securing thousands of printers across thousands of miles. And their intuitive interfaces eliminate guesswork and help-desk work.

Whatever your printing needs, there’s a Zebra printer for you and an army of 10,000 partners on five continents ready to hear your input and improve your business output.

The result is a performance edge for your front line and a strong competitive edge for your business.

Printing must happen, no exceptions. If warehouses can’t print shipping labels, customers can’t get products. If drivers can’t print receipts, invoices can’t be processed. And if you can’t print ID access cards, then security could be a concern. Get it done with Zebra thermal printers. They’re designed with one purpose—to help you perform your best. In any environment. Any application. Any condition.

Relentless Performance in Any Environment.

Transportation and Logistics
Deliver non-stop service from the first mile to the last.
- Cross-docking and stocking
- Picking and packing
- Shipping and receiving
- Inventory management
- Proof of delivery
- Rental car return

Manufacturing
Ratchet up productivity from the plant floor to the front door.
- Work in process
- Compliance labeling
- Parts management
- Equipment maintenance
- Traceability
- Quality assurance

Healthcare
Strengthen patient safety from admissions to discharge.
- Positive patient identification
- Laboratory / pharmacy management
- Asset management
- Accurate specimen labeling
- ID and access control

Retail and Hospitality
Give customers an experience that keeps them coming back.
- Product pricing
- Cycle counts
- Mobile point of sale
- Proof of purchase
- Gift and loyalty cards
- Event and season passes
- ID badges
- Membership cards

Government
Improve services and safety with fast, accurate printing that’s secure.
- E-citation
- Health and human services
- Emergency management
- Military supply chain
- Identity management
- Code inspections
- Exchange services
Printers Are a Start. But a Complete Enterprise Solution Should Go End-to-End.

When you’re looking for enterprise solutions, look beyond printers. Consider intelligent mobile computers, multi-tasking tablets and accurate scanners that integrate easily, pair instantly and talk freely to one another. Think how much better that would make management, usage and sharing of critical information.

Reliability and peak performance are also a must. You’ll have that with Zebra’s edge-to-edge portfolio. Each device is strong alone. Yet together, they’ll make your workers unstoppable.

Did That Come Out Right? It Did, If You Used Zebra Certified Supplies.

Not every supply is worthy of the Zebra name. Only the toughest, most consistent and highest performing supplies will be. Anything less is a compromise in uptime and expense.

Exceptionally Consistent. Consistently Exceptional.

Rigorously Tested
Our 23-point inspection keeps work and printers from coming to a standstill.

No Substitutions Allowed
Unlike other vendors, we never swap material to cut costs. That’s because we know that inconsistency will cost you in productivity and repairs.

Zebra Printer Compatibility
Compatible inks, varnishes and tools ensure printers and workflows don’t break down.

Stringent Standards
Our supplies are designed to meet industry standards, so you can meet compliance goals.

Non-Abrasive
Sandpaper-like label surfaces cause printhead elements to fail prematurely, resulting in unreadable labels.

Made Tough
You work in hot, cold, damp and dusty environments. So do our supplies.

Inconsistent Printer Supplies Cost You.

- Printheads wear out prematurely.
- Pre-printed color transfers to the printhead and causes print quality issues.
- Inconsistent materials impact readability.
- Adhesive oozes and causes printer jams.
- They fail in the field.
- Barcodes fade; labels fall off.
Zebra Industrial Printers
Industrial Strength for Industrious Workers.

These rugged printers are designed to work in the harshest environments. They produce high volumes of labels at high speeds, under the most punishing of conditions.

ZT600 Series
Intelligence and Industrial Brawn

ZE500
OEM Print Engine for Next-Gen Solutions
This innovative and RFID-ready engine is built specifically to minimize interruptions by easing usage, integration and service.

ZT400 Series
Sturdy, Simple, Smart
This printer combines field-proven reliability with advanced printing speeds, ease of use and connectivity, along with RFID capabilities, for real-time visibility.

ZT200 Series
Small in Price, Big in Ease and Performance
Don’t let the small price tag and small footprint fool you. This printer offers application versatility, effortless management and integration. And it also comes cloud-ready.

ZT510
Essential Features for Heavy Duty Printing
Robust durability on the outside. Ease, control and visibility on the inside. All at a price that’s gentle on the wallet.

ZT600 Series
Intelligence and Industrial Brawn
Rugged environments. Demanding applications. Cloud connectivity. And RFID capabilities. These printers keep your operations running 24/7.

Zebra Mobile Printers

Spot-on service takes a non-stop printer. One that won’t break or take a break. That’s why Zebra’s compact and comfortable Link-OS® mobile printers package intelligent performance and hard-as-nails durability for go-getters like you. Add accessories, and you’re on your way to peak performance.

**ZQ110**
Pocket-Size Printer for Pint-Size Budgets
Ideal for the ever-moving employee, who needs to print receipts and tickets on demand. Just eight ounces and two inches, it easily slips into a pocket and falls asleep when not in use to save power. Optimized for receipts.

**ZQ500 Series**
For the Rough and Tumble World
Rugged, this printer series is built to withstand repeated drops, spills and shocks. Yet, it’s friendly to users—even those wearing gloves—as well as IT when it comes to integration and management. Perfect for receipts, they also output labels, and the ZQ520 prints RFID tags.

**QLn420**
Higher Quality Printing with Lower Power Consumption
Move your business forward with this productivity-boosting printer that takes the QL platform benefits to the nth level. Its easy integration will save you IT time and costs. Optimized for labels, it can also print receipts.

**ZQ600 Series**
Zebra’s Most Versatile Mobile Printer Series
Take the legendary QL printers and make them even smarter, faster, simpler and more secure. We did. The result is the transformative ZQ600 Series. It will reboot what you think of mobile printing. Ideal for labels, they can also print receipts.

**ZQ300 Series**
The Little Printers that Deliver Big Value
Designed for inside and outside usage, these versatile printers offer two print widths. Work a full shift with leading battery technology that reduces power consumption by 30%. Optimized for receipts, they can also print labels.

**ZQ510 / ZQ520**

**ZXP Series 7**
Highest Operational Efficiency with Great Output
Produce great looking cards. These printers are made for the highest throughput and best reliability. Simultaneously print, encode and laminate high-capacity consumables, including RFID cards.

**ZC100 Series**
Simple, Secure, Single-Sided Printing
Slim and sleek, the ZC100 fits in anywhere and offers fool-proof ribbon changing and fail-proof card feeding and loading.

**ZC10L**
Exceptional Large-Format Cards and Badges
Made specifically for the hospitality industry, the ZC10L prints stunning edge-to-edge, full-color, custom, oversized cards and badges in one printing process.

**ZC300 Series**
You’re Tired Hard, Now Try Easy
Ground-breaking simplicity: Print ID, access, payment and membership cards without all the drama. Satisfaction goes up, stress levels go down.
Note: The ZC350 is not available in APAC.

**ZXP Series 9**
Fastest Throughput with Fantastic Output
Custom-built for high security applications, this reliable, hassle-free printer produces photo-quality cards at lightning fast speeds.

**ZC350**

**ZC100 / ZC300**

Print DNA
Transforms Printers from the Inside.

Gain business-catalytic capabilities. No other vendor offers you so much to drive performance and empower the front line in so many ways. It starts with embedded intelligence—a unique set of software, applications and utilities—that gives Zebra printers expansive capabilities for exponential results.

Visibility Tools
Sense and analyze the status of Link-OS printers in real time.

- Preempt problems by seeing printers’ status
- Replace manual asset tracking spreadsheets
- Integrate with popular enterprise mobility management (EMM) tools

Management Tools
Effortlessly add and control large volumes of Link-OS printers from anywhere.

- Implement large-scale deployments
- Identify Link-OS printers on networks
- Configure printers to block unwanted access and ensure data and infrastructure are protected
- Quickly troubleshoot remotely

Development Tools
Integrate what’s now with what’s next in technology, just like that.

- Securely connect directly to the cloud
- Quickly install new printers into complex networks and ERP environments
- Create native apps across multiple platforms

Productivity Tools
Elevate printer performance, so man and machine work at their peak.

- Slash training time and workloads with a common UX
- Instantly launch an app or web page
- Increase accuracy and speed of output
- Print more languages than ordinary printers

Zebra Signature Services
Data insights from the technologies at the edge of your network can open up a world of new commercial opportunities. But without the right skills or resources, you could miss out on the full benefits. Zebra Signature Services accelerate your ability to unlock intelligence from your data, so you can run your business more productively.

Zebra OneCare™ Support Services
Constant, peak performance. That’s the upside of protecting your investment with our support services. You eliminate the unexpected disruptions and unbudgeted repair expenses. Whether you need comprehensive coverage, assistance with technical issues, software updates or on-site support, there’s a Zebra OneCare Support Service that’s right for you*.

Choose from three service levels:

- Zebra OneCare Essential
  - Comprehensive repair services
  - Software support
  - 8x5 technical support (plus 24x7 online support)
  - 3-day repair turnaround service
  - Device Diagnostics** and Support Dashboard***

- Zebra OneCare Select
  - All the features of Essential Service
  - Next business day advanced device replacement
  - Commissioning services (app loading and configuration management)
  - 24x7 helpdesk support

- Zebra OneCare Premier**
  - All the features of Essential and Select Services
  - Operational Visibility Service
  - Software release management
  - Service delivery manager
  - Managed device service desk

Zebra OneCare™ Visibility Services
Go beyond traditional repair services. See the location, status and full state of critical assets to preempt problems, optimize utilization and amplify performance.

Asset Visibility Service (AVS)
Gain at-a-glance visibility into asset inventory and the health of your Zebra mobile computers and Link-OS networked printers with this quickly activated subscription-based service. No on-site equipment or MDM / EMM needed.

Operational Visibility Service (OVS)
You can’t manage what you can’t see. OVS solves that with the advanced insight an EMM solution alone cannot provide. From a single pane of glass on a cloud-based portal, gain deep visibility into your mobile computers and printers with predictive analytics to prevent potential device issues, and help maximize workforce productivity and business efficiency.
