ZQ100 Series Mobile Printers
The high-quality value-priced mobile printer for receipts and labels

You’re looking for a value-priced mobile printer — but you don’t want to compromise on features. Introducing the ZQ100 Series, offering the perfect balance of cost, quality, versatility, durability, ‘wearability’ and ease-of-use. When it comes to versatility, this printer outshines the competition, allowing you to print multiple types of media and media widths to meet all your printing needs, today and in the future. All the right connectivity options ensure split second pairing with a host mobile device, while USB charging makes it easy to keep the ZQ100 Series charged at home, in the car, on the e-bike or in the office — no need for expensive power adapters. With its slim and lightweight design, it’s easy to carry all day. When it comes to ease-of-use, with the integrated display, removable battery, one-handed operation and more, nobody does it better. You get the durability to enable mobile printing indoors or outside in the heat, cold, rain and snow. And with Zebra’s 50 years of experience and innovation, you get quality you can count on. The ZQ100 Series — the high-quality value-priced mobile printer.

One versatile printer for all your applications — today and in the future
All-in-one receipt and label printing
The ZQ100 Series is one of the only printers in this price class that can print it all — receipts and labels. You get the flexibility to standardize on one printer that can meet all your mobile printing needs. Purchasing and management are simplified — and with only one model, training requirements are reduced. And with Zebra Certified Supplies, you get validated and tested media your workers can count on for dependable high quality. Support for multiple media widths
You get the flexibility to choose the right media width for your application. Out of the box, the ZQ100 Series can print - 80mm/3.14" (ZQ120) or 58mm/2.28" (ZQ112) With media spacers, the ZQ100 Series can print - 76.2mm/3", 58mm/2.28" or 50.8mm/2" (ZQ120), or 50.8mm/2", 40mm/1.57", 30mm/1.18" (ZQ112).

Supports a large media roll
Workers can now print more receipts and labels per roll, which means more efficiency and fewer rolls to carry.

All the right connections for on-the-go workers
Simple USB charging
Get the easiest in-vehicle charging solution outside the four walls with the ZQ100 Series — just plug the optional USB charger into the cigarette lighter. And if a charger isn’t handy, workers can use their personal mobile phone USB charger.

Faster, easier and more reliable printing
Support for Bluetooth 4.1 Classic and Low Energy (BLE) enables the fastest communication between the host mobile device and the ZQ100 Series, delivering dependably fast printing. And improved power efficiency extends the battery cycle of the host mobile device.

For more information, visit www.zebra.com/zq100series
Simple tap to pair with NFC
With integrated NFC, pairing the ZQ100 Series to the Android mobile device of your choice couldn’t be easier. Whether your workers are using an NFC-enabled Zebra or non-Zebra Android mobile device, or their own NFC-enabled mobile devices, just one tap will establish the connection to the ZQ100 Series. No more time spent troubleshooting pairing problems, improving mobile worker and IT support staff productivity.

Built for business — durable and easy to use
Built-in intuitive OLED display for easy printer management
Today’s workers expect the ultimate in simplicity when it comes to mobile devices. And with the black and white OLED display, they’ll get it. At a glance, users can see settings, including media status, Bluetooth connectivity status and print darkness, and take whatever action is needed to maximize uptime and print quality.

Constant power with a user replaceable battery
Your workers can count on power every minute of every shift. If the battery runs low, workers can just pop in a fully charged spare battery — no need to take the printer out of service to charge.

One-handed operation keeps workers on task
The ZQ100 Series is thoughtfully designed for one-handed operation. Regardless of whether workers are printing a receipt or label, checking printer settings or changing media, one hand is always free to handle packages, open gates or greet customers, improving productivity and the customer experience.

Sized just right for all day comfort
When it comes to ‘wearability’, the ZQ100 Series is specially designed for comfort. It’s lightweight — the printer and battery weigh less than a pound (ZQ112=235g / ZQ120=420g). And the low profile makes it easy to move through the tightest of spaces without bumping into walls, fixtures, other workers or customers.

All-day every-day business durability
The ZQ100 Series is designed to handle the inevitable drops, exposure to the elements and more. You can expect reliable operation, even if the printer is dropped on concrete or used in dusty areas. Add the optional soft case accessory and the ZQ100 Series can handle rain, snow and spills. You can use the ZQ100 Series indoors and outdoors — it’s designed to operate at below freezing temperatures and in extreme heat. The result? You get the printer uptime you need to improve workforce productivity and reduce total cost of ownership.

Get the most out of your printer with Zebra supplies and services
Zebra OneCare® SV — the right level of service at the right price
Without a service plan, a single repair can cost more than the printer, but comprehensive service plans are too costly and offer more coverage than your value-tier printers need. Zebra OneCare SV provides the right level of service at the right price. You get two years of protection against failure, coverage for normal wear and tear to keep your printer in like-new condition, unmatched direct-from-Zebra live and online technical support, priority turnaround times, free return shipping and more — all for a fraction of the cost of a single repair.

Get superior print quality with Zebra Certified Supplies
We design, produce and rigorously pre-test our own line of thermal printing supplies to maximize the lifespan of your printhead and the print quality of your receipts and labels.

Ready-to-use solutions from proven channel partners
Don’t have the time or resources to build your own applications? Over 10,000 established channel partners are waiting to help, allowing you to get your complete solution up and running quickly, easily and cost-effectively — with minimal risk.

For a business partner you can trust, think Zebra
With 50 years of experience and innovation, plus 200+ patents, Zebra delivers products with a difference — technology that meets your unique business needs with devices that are built to last. With our unmatched breadth of products, only Zebra can offer the simplicity of one-stop shopping, with products that work better together. And with offices in 81 countries, no matter where you are located, you can count on the sales, service and support your business requires.

<td>265 g / 0.58 lbs</td>
</tr>
</tbody>
</table>

### PRINTER SPECIFICATIONS

- **Programming Languages**: CPCL
- **Resolution**: 203 dpi/8 dots per mm
- **Memory**: 16MB SDRAM, 16MB Flash
- **ZQ120**: Max Print Width 72 mm / 2.83 in.
- **ZQ112**: Max Print Width 48 mm / 1.89
- **Max Print Speed**: 2.5 ips (60 mm/s)
- **Sensors**: Black Mark, Gap, Media Out sensing
- **ZQ120**: Battery Type 2550 mAh (7.4V), rechargeable Li-ion battery
- **ZQ112**: Battery Type 1500 mAh (7.4V), built-in rechargeable Li-ion battery

### MEDIA CHARACTERISTICS

### ENVIRONMENT AND RESISTANCE

- **Operating Temp.**: -10°C to 50°C / 14°F to 122°F
- **Storage Temp.**: -20°C to 60°C / -4°F to 144°F
- **Charging Temperature**: -0°C to 40°C / -4°F to 104°F
- **Charging Time**: 3.5 Hours (23 °C +/- 5°C)
- **Minimum Printing Length per Charge**: Minimum of 500 labels x 8.5 in. length, 13% density
- **Printing Head Reliability**: 50KM abrasion resistance (scratch failure mode by foreign particle is excluded)
- **Drop Specification**: 1.5 m/5 ft. to concrete

### AGENCY APPROVALS

- **Emissions**: EN55032, ETSI EN 301 489 -1 / -17
- **Susceptibility**: EN55035, ETSI EN 301 489 -1 / -17
- **Safety**: IS 13252, IEC 60950

### COMMUNICATION AND INTERFACE

- **Bluetooth**: Bluetooth 2.1+EDR/4.1 Low Energy dual mode
- **USB Port**: USB 2.0 type-C connector
- **NFC Tag**: Passive NFC tag

### COMMUNICATION AND INTERFACE (CONTINUED)

- **Charging Method**: USB and/or docking charging
- **Low Power Mode**: Support power saving
- **MFi (iOS support via Bluetooth)**: MFi-Certified
- **User Interface**: OLED Screen, Control Buttons (Power, Config, Feed)

### FONTS

- **Built-in fonts (bitmap)**: CPCL fonts: English/Latin9, Cyrillic

### BARCODE SYMBOLOGY

- **Linear Barcodes**: Code 39, Code 93, UCC/EAN128 (GS1-128), Code 128, Codabar, Interleaved 2-of-5, UPC-A and UPC-E 2, 5 digit add-on and composite, EAN-8, EAN-13, 2, 5 digit add-on and composite
- **2D Barcodes**: PDF417, MicroPDF417, MaxiCode, QR Code, GS1/DataBar™ (RSS) family, Aztec, MSI/Plessey

### SOFTWARE AND TOOLS

- **SDK**: ZebraLink, legacy Multiplatform SDK support for PC Windows v7, v8, v10, Android, iOS, Windows CE, Windows Mobile 6.5
- **Tools**: Zebra Printer Setup Utility (Windows, iOS and Android), OPOS Driver, Zebra NetBridge, Zebra Designer (Printer Windows Driver, Font and Graphic Downloader, Status Monitor, Label Design Application)

### OPTIONAL ACCESSORIES

- **ZQ120**: Battery Type Spare ZQ120 printer battery 2550 mAh. Note: One battery ships with the printer
- **ZQ112**: Battery Type Spare ZQ112 printer battery 1500 mAh. Note: One battery ships with the printer

### Ideal for These Applications

- **Retail/Hospitality**: Mobile Point of Sale, Line busting
- **Transportation & Logistics**: Field Service, Direct Store Delivery (DSD), Proof of Pickup/Delivery, Bag Reconciliation, Post and Parcel, Passenger Ticketing
- **Manufacturing**: Field Service, Direct Store Delivery (DSD)
- **Government**: Utility Meter Reading, Parking Enforcement, E-Citation
