

## Replace Chaos with Care

More ways to track. More power to act.

Don't lose valuable time searching for equipment or team members. Instead, invest that time where it is most needed: on patient care. By incorporating the right mix of tracking solutions, you can have real-time insights to rapidly locate essential assets and teams, and increase accuracy. Ensure the highest level of quality for your patients, use resources wisely and reduce costs.

## Let Tracking Drive Smarter Patient Care

Across your entire health system

### Asset Management

Locate critical resources such as transport monitors, defibrillators and oxygen pumps right away

### People Management

Quickly find team members

### Patient Management

Reduce errors and improve patient outcomes

## Benefits

Elevate Patient Care

Track Your Inventory

Organize and Automate Documentation

Lower Operating Costs

Increase Quality

# 24,000

approximate number of hours spent by hospital staff searching for equipment on an annual basis<sup>1</sup>

## Enhance Patient Care with Real-time Visibility

Zebra offers the broadest portfolio of tracking solutions, so you have the flexibility to choose the right technology for your healthcare operations and environments. Have confidence knowing that whatever solution you pick, you can trust that every hardware, software and analytic component will work as one unified platform.

### Supporting Technology

RFID

Bluetooth®

### Software, Professional Services and Support
