

Genuine Zebra® supplies

SEE MORE. DO MORE.

The natural choice for your Zebra® printer

Get the best performance from your Zebra printer by using genuine Zebra supplies

Quality

Zebra supplies are made by Zebra, for Zebra printers, to the highest standards. They are all extensively tested to ensure best print quality and performance before they are branded and introduced into the range. Tested on the printers they will be used on, in the combinations they will be used in, they are developed specifically for our users' requirements. As an ISO9001 compliant company, quality is an integral part of Zebra's day to day culture. Customers can place their orders confident in the fact that the products they receive will be of the highest quality.

Performance and reliability

Using genuine Zebra supplies will

give optimum printer performance and minimise printhead wear and tear. By using Zebra supplies, you can be sure of consistent performance and can eliminate scanning and printing issues that you may experience with third-party media.

Wide product range

Zebra has a wide range of over 80 label, tag and receipt materials as well as specialist products such as wristbands. Paper and synthetic, direct-thermal and thermal-transfer, self-adhesive and tags or receipt papers: we've got it covered. Zebra can also deliver expert solutions, such as tamper-evident labels, high-temperature labels and special adhesives. With specially

developed combinations of ribbon and media, Zebra has solutions to meet many international regulations including UL, CSA and FDA.

Convenience

Zebra can respond to all your supplies needs, thereby reducing the time, cost and risk involved in sourcing from more than one supplier. With over 500 ZipShipSM supplies solutions in stock, a further 570 non-stocked, paper products available from our EaziPrice range and our ability to custom-make items to your specific requirements, there is no need to look any further than Zebra for supplies.

GENUINE ZEBRA SUPPLIES

Zebra supplies are available from stock via the ZipShip programme or can be custom-made to application-specific requirements.

ZipShip-stocked supplies

Ready-made

ZipShip supplies are on the shelf and ready for immediate despatch. So we can offer you fast shipment and you only need to order one box!

Wide range

Our ZipShip supplies portfolio consists of a range of the most popular label sizes and industry standards. Plus we stock matched ribbons in a variety of widths to provide the perfect media combination.

Competitive

Zebra is one of the largest label converters in Europe, so we buy raw material at very competitive rates and drive manufacturing costs down as low as possible, meaning that our customers will benefit from low prices for top-quality products. Our ZipShip products are made in large production runs, so even small orders are competitively priced.

Easy to choose

Choosing the right ZipShip label (and ribbon) is easy with our online ZipShip selector tool, available at www.zebrazipship.com

We also have free iPhone and Blackberry apps available to download to ensure you can always find the supplies you need – even when you are away from your PC.

EaziPrice

Label Pricing Made “Eazi”!

EaziPrice offers instant pricing on over 570 plain paper products suitable for Zebra print engines, high-end, mid-range and desktop printers. Select your printer type, material and size range and the price list will display the available items. With information on pricing, sizes, weights, box quantities and access to download technical drawings, labelling has never been so “Eazi”!

EaziPrice lists are available for partners to download from the supplies section of www.accesszebra.com

GENUINE ZEBRA SUPPLIES

Custom supplies

Custom supplies can be made to order for applications where sizes, colours or materials are required that our ZipShip or EaziPrice ranges don't cover.

Extended range

Labels can be made to order for specific sizes, materials or designs, or where pre-printing is required. A wide selection of materials is available quickly, from papers to high-end synthetics including UL- approved polyesters and polyimides, offering a multitude of solutions. From low temperature cryogenic labels to tamper evident security labels, to tyre labels to meet European tyre labelling regulations, Zebra has a solution and if all you want is a simple label to stick on your box, we do those too!

Design expertise

Zebra has a large in-house team of highly skilled supplies experts, available to design a customised labelling solution to fit individual application requirements.

Tried and tested

Custom supplies are designed, manufactured and tested to high standards so you can be assured of the results. Sample rolls and test rolls are available for customers to try in application to ensure suitability. Zebra supplies are specified by many multinational businesses who trust in the high quality Zebra delivers.

Ribbons

Ribbons are carefully selected and tested to the same rigorous standards as our label materials. Zebra tests each ribbon with a variety of label materials and only accepts products into the range that meet a strict set of criteria. Only the very best ribbons become part of the Zebra range. Zebra Technologies holds ribbons in stock at a variety of widths for all printers from narrow desktop wax ribbons to wide resin ribbons and for those times when black just won't do, we also carry a range of wax coloured and white resin ribbons.

Zebra Price

Zebra is the largest buyer of ribbons globally and uses that buying power to offer competitive pricing across the range. So not only do you get the best quality; you also get the best price. Add to this Zebra's reliable service and a minimum order of just one box - why pay more elsewhere?

Additional Benefits

Use of genuine Zebra ribbons and media not only eliminates downtime due to inconsistent print quality, reprints or scannability issues but also dramatically increases the life of the printhead, lowering the total lifetime cost of the printer.
