Zebra Rugged Tablet Portfolio

Leading-Edge Mobility for a Competitive Edge
Uncompromising Durability.

High-performance Tablets from a World Leader in Rugged Mobile Technology.

Your workers want bigger screens in their mobility tools. They need to visualize more data at the same time. Their tools need to be extremely rugged—from the inside out. And, this technology needs to be fast, connected and customized.

We listened. Zebra expanded our portfolio to include the powerful R12 and L10 families of incredibly rugged tablets. These tablets can endure hazardous conditions, drops to concrete, water, dirt, etc. Designed specifically for the demands of your industry, our tools empower your front-line users to achieve their performance edge.

From manufacturing, field mobility and warehouse management to transportation, retail and the public sector, our durable, versatile tablets enable you to streamline everyday tasks accurately and efficiently. As the global leader in rugged mobile technology, we understand you need the best.

Choose your level of durability, display size, form factor, operating system, processing power and accessories. This guide helps you discover which solution best fits your needs.
A Performance Edge for Any Environment.
Wherever work takes you, no matter the conditions, perform your best. True mobility is designed specifically for your environment, applications and challenges—whether inside your four walls or outside in the harsh elements. Here’s how Zebra can give your business the performance edge for your industry.

Transportation and Logistics
Deliver non-stop service from the first mile to the last.
- Traceability
- Quality assurance
- Asset and facility

Zebra Visibility Services

You could be caught off-guard by device downtime and battery failures when you don’t have visibility into your device data to tell you how your devices are performing, so you can decide what next steps you can take to improve your operations. Without clear, comprehensive data on the mobile devices that run your business, you’re in the dark trying to compensate with manual tracking, excessive inventory and repair.

Zebra’s VisibilityIQ™ gives you the data-driven, actionable insight when and how you need it. Get a clear view into how your devices are performing and know what next steps can push up productivity and drive down costs.

VisibilityIQ™ Foresight
Go beyond an MDM and view full operational aspects of your devices from a single dashboard view.

VisibilityIQ™ DNA
Peer inside your hardware for answers to key DNA efficiency.

VisibilityIQ™ OneCare™
View status of device repairs, technical issues, contracts, case reports and software, and LifeGuard™ security status visibility.****

**** VisibilityIQ OneCare available in North America for mobile computers and scanners only.
