10" WINDOWS® 2-IN-1
RUGGED LAPTOP / TABLETMIL-STD
810G

IP65

6' Drop
TESTED

C1D2*

Rugged to the Core

Features rubber corner bumpers and a lightweight magnesium frame that is stronger than steel, lighter than aluminum, and won't twist after 6 ft drops.

Get More Speed and Power

8th generation Intel® Core™ processors offer ultra-fast performance. 4G LTE card delivers up to 600% faster download and 300% faster upload speeds than previous generations.

Work Hard Day and Night

Tablet lasts for over 24 hours on a single, extended-life battery. Choose between standard 500 nit or ultra-bright 1000 nit 10.1" displays with auto-sensing glove / wet touch inputs and active digitizer option**.

Stay Connected

Simultaneous MIMO WWAN, MIMO WLAN, and GPS pass-through antennas improve in-vehicle throughput. Multiple I/O expansion options (including HDMI-In, True Serial) provide interoperability with legacy and future IT systems.

Stay Secure at All Times

Removable SSDs, TPM 2.0, Smart Card / CAC reader, and an integrated fingerprint reader protect data and devices.

* Certification pending

**Option available with View Anywhere displays only

THE SMART RUGGED CHOICE

The versatile XBOOK L10 2-in-1 rugged computer is the easiest and most cost-effective way to support workers who like the mobility of a well-connected tablet in the field but are most productive when they can use a full-featured keyboard.

easy to
CUSTOMIZE
