

Zebra healthcare scanning solutions have capabilities ideal to meet today's demand at your healthcare facility. Discover the most critical functions of these solutions, which may currently be deployed at your facility, or contact your Zebra representative for assistance.

## DS8100-HC Series Scanners

The DS8108-HC and DS8178-HC scanners help provide critical data capture that ensures the right patient receives the right treatment, at the right time. These scanners are durable enough to withstand the harsh hospital environment and are designed to reduce the spread of infection. To further reduce risk, they can be used in hands-free mode so the scanner doesn't even need to be touched.

### Leverage all the functions of the DS8100 Series Scanner:

- ✓ **Purpose-built seamless disinfectant ready housing** is designed to withstand repeated exposure to the harshest hospital disinfectants
- ✓ **Corrosion-free charging** due to the position of the charging contacts in the cradles and Zebra's exclusive Connect+ Contact Technology
- ✓ **Locate a misplaced scanner** in seconds with the cradle's paging button
- ✓ **Night mode with vibrate** so as not to disturb sleeping patients.
- ✓ **Built-in work lamp** to illuminate work surface
- ✓ **Presentation cradle magnet** ensures charging contact, correct scanner placement, and flexible mounting options
- ✓ **Swappable power source options** – choose between PowerPrecision+ smart battery or PowerCap™ options – and swap between power options at any time

### Powerful complimentary software tools:

- ✓ 123Scan allows for easy configuration and fast deployment of your fleet
- ✓ Scanner Management Service (SMS) provides remote management capabilities

#### Battery:

- ✓ 65,000 scans on a full charge
- ✓ Provides over three around-the-clock days of continuous scanning

#### Power Cap:

- ✓ Largest capacitor in its category: 2,000 scans on a full charge
- ✓ Fast charging – 100 scans after as little as 35 seconds in the cradle

## DS9900-HD Series Scanners

Improve laboratory workflow efficiency and accuracy with the DS9908-HD hybrid presentation imager built for the lab.

### The DS9908-HD is purpose-built to streamline workflows in the laboratory including:

- ✓ **Hybrid design:** Dynamic switching between handheld and hands-free modes
- ✓ **High-density focus** optimized to read tiny, dense and curved barcodes found in the lab
- ✓ **Industry-best scanning** performance to boost productivity
- ✓ **White illumination LEDs** to read barcodes on color-coded specimen trays and biopsy cassettes

#### Powerful complimentary software tools:

- ✓ 123Scan allows for easy configuration and fast deployment of your fleet
- ✓ Scanner Management Service (SMS) provides remote management capabilities

#### DS9908-HL:

- ✓ **Driver's License parsing capability** with optional DS9908-HL model (US Only)

#### DS9908R-HD:

- ✓ **Barcode scanning and UHF RFID reading/writing in a single platform** with optional DS9908R-HD model

**DS9908-HD Laboratory Scanner Kit**  
DS9908-HDWU2104AZW

**DS9908-HL Kit with Driver's License Parsing**  
DS9908-HLWU2104AZN

**DS9908R-HD RFID Scanner Kit**  
DS9908-HDWU2105AZU
