

Chat with zBot – Getting Started

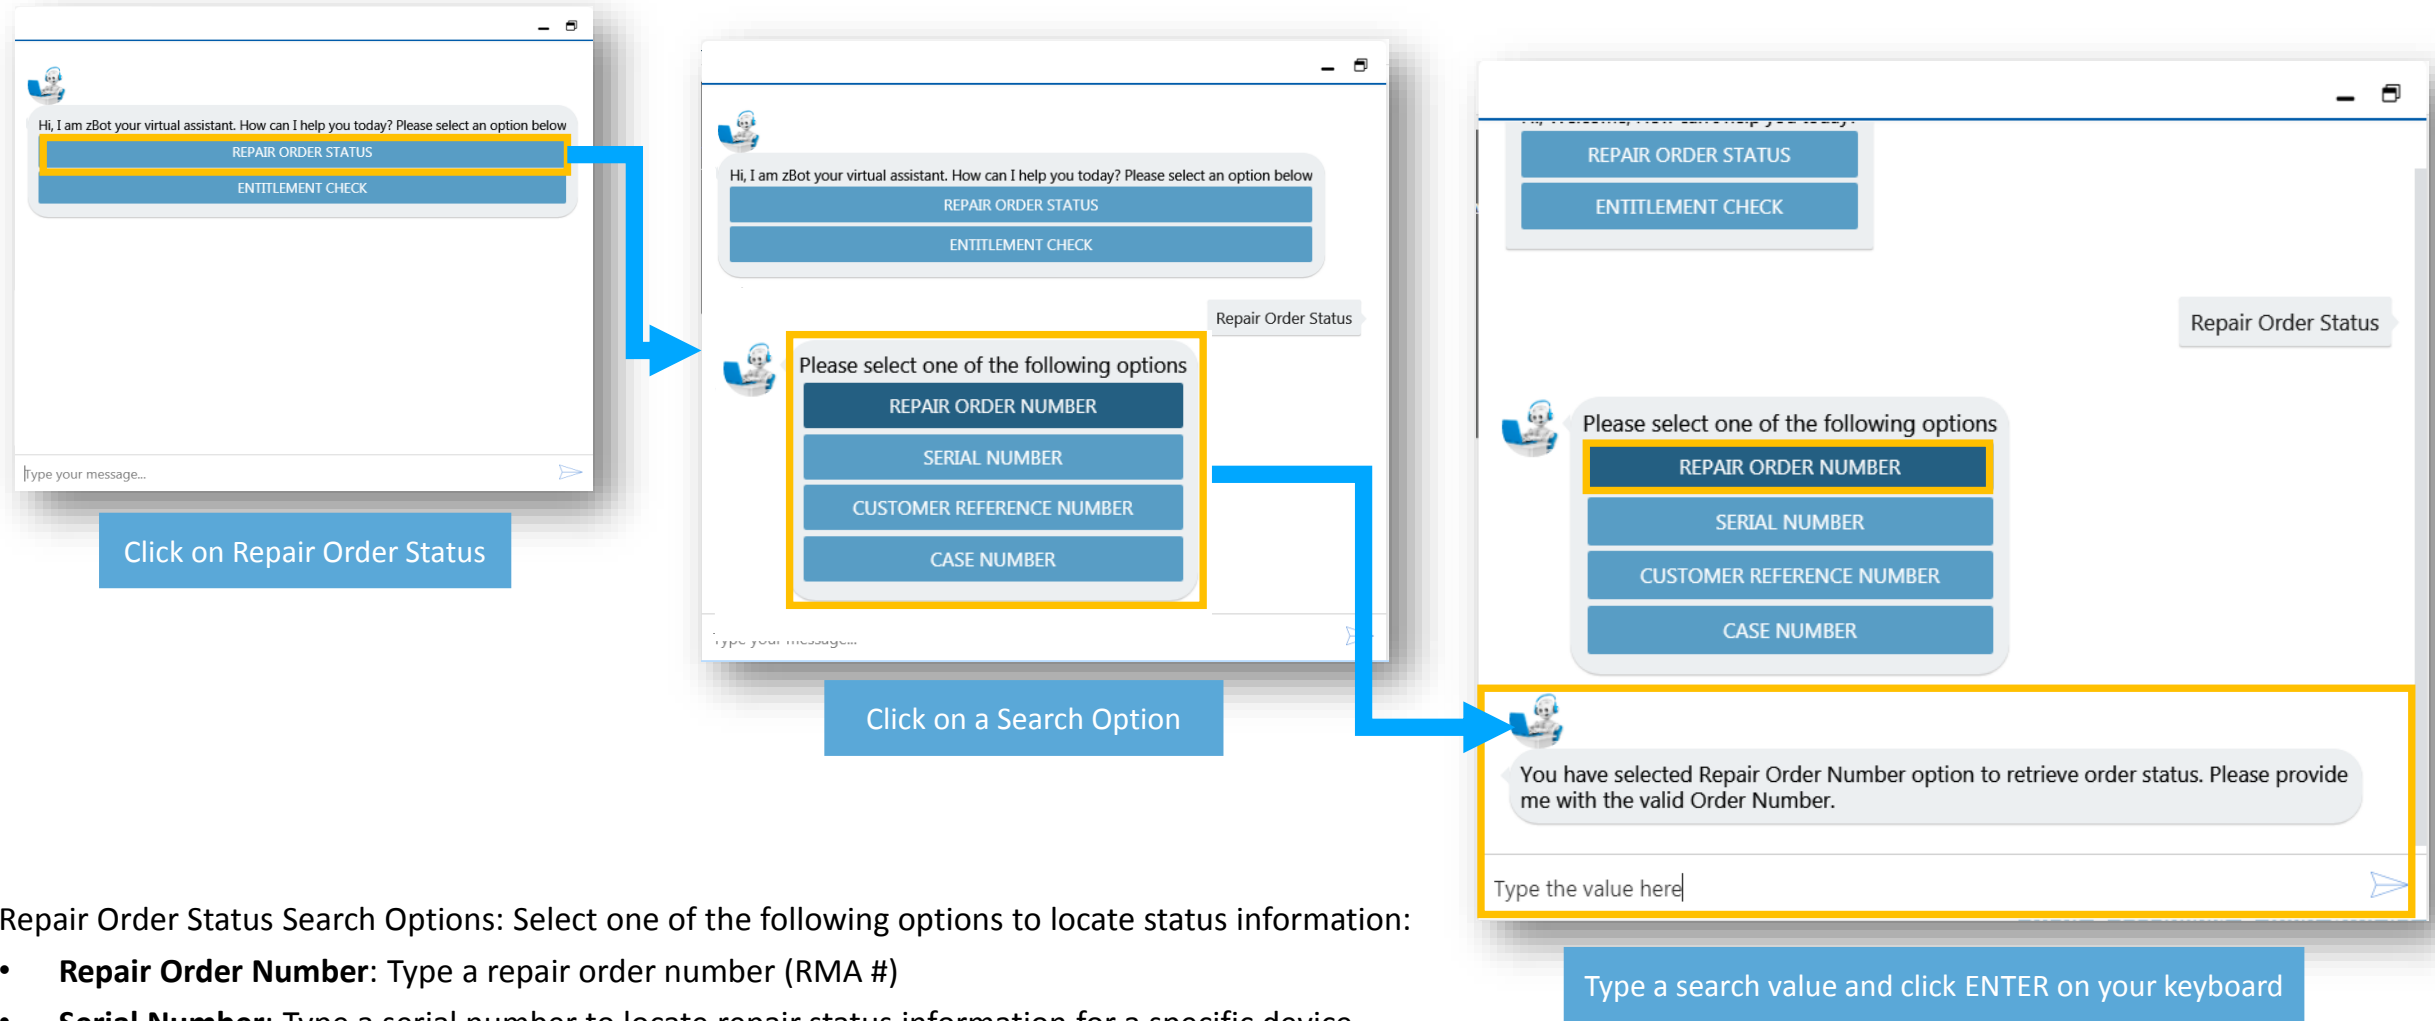

Zbot, Zebra’s online virtual assistant, now provides another easy way to obtain repair status information – and OneCare and warranty entitlement information. Easily see repair status, shipment tracking and carrier information, warranty and contract start and end dates, and contract coverage details.

Getting Started: Click on *Chat with zBot* to display the Chat with zBot menu

Chat with zBot – Repair Order Status

Use Repair Order Status to locate tracking and courier information and repair order status and (if relevant) line sub-status

Repair Order Status Search Options: Select one of the following options to locate status information:

- **Repair Order Number:** Type a repair order number (RMA #)
- **Serial Number:** Type a serial number to locate repair status information for a specific device
- **Customer Reference Number:** Type the customer reference number associated with the repair order
- **Case Number:** Type the Salesforce case number
