

Learn How to Search and View Warranty and Entitlement Information

Searching & Viewing Warranty and Entitlement Information

Warranty and Entitlement information is accessible on the Repair Order Portal. Users can search by serial number or service contract number to view warranty and entitlement information. The following tabs can be utilized to conduct a search:

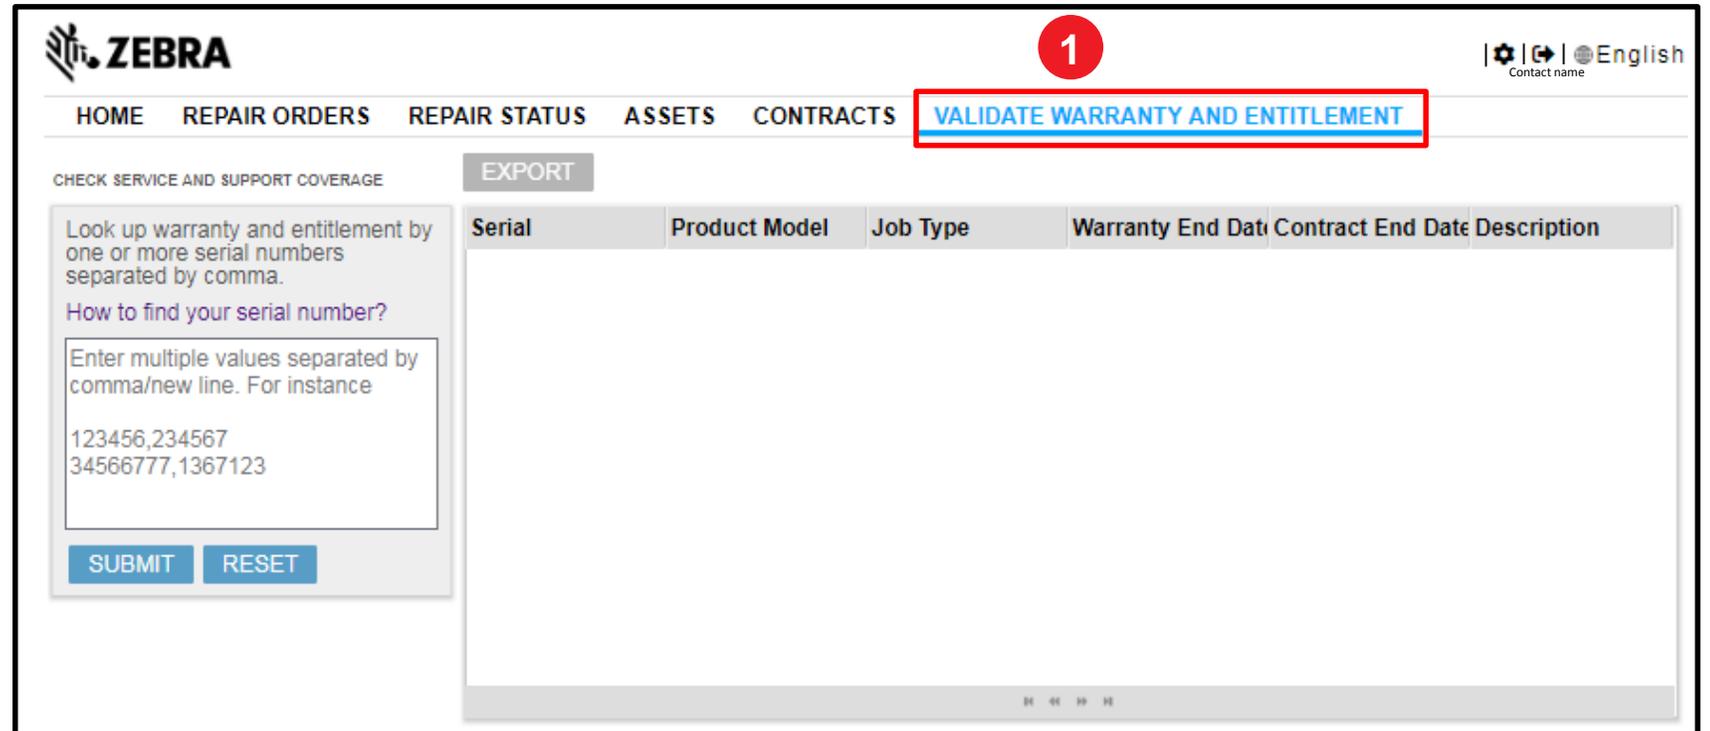

- ***Validate Warranty and Entitlement Information*** tab: Users can search for a serial number or series of serial numbers and view both warranty and entitlement information for the product(s)
- ***Assets*** tab: Users can search for a serial number and view both warranty and entitlement information for the product. Restrictions may influence a users ability to view serial number information within the ***Assets*** tab
- ***Contracts*** tab: Users can search for a service contract and view the serial numbers covered by the contract. Warranty information is not available in this tab. Restrictions may influence a users ability to view service contract information within the ***Contracts*** tab

The following information outlines how to locate warranty and entitlement information on the repair order portal, using the Validate Warranty and Entitlement, Assets, and Contracts tabs

Executing a Search

The **Validate Warranty and Entitlement** tab can be utilized to view warranty and/or entitlement information for a serial number or series of serial numbers. The following information outlines the process to conduct a search in the **Validate Warranty and Entitlement** tab

Step 1: Access the **Validate Warranty and Entitlement** tab

The screenshot displays the ZEBRA Repair Order Portal interface. The ZEBRA logo is in the top left corner. The top navigation bar includes links for HOME, REPAIR ORDERS, REPAIR STATUS, ASSETS, CONTRACTS, and **VALIDATE WARRANTY AND ENTITLEMENT**, which is highlighted with a red box and a red circle containing the number 1. In the top right corner, there are settings icons and the text 'English' with 'Contact name' below it. Below the navigation bar, there is a section titled 'CHECK SERVICE AND SUPPORT COVERAGE' with an 'EXPORT' button. A text box on the left contains instructions: 'Look up warranty and entitlement by one or more serial numbers separated by comma.' and 'How to find your serial number?'. Below this is a text input field with the example text: 'Enter multiple values separated by comma/new line. For instance' followed by '123456,234567' and '34566777,1367123'. At the bottom of this section are 'SUBMIT' and 'RESET' buttons. To the right of the text input is a table with the following headers: 'Serial', 'Product Model', 'Job Type', 'Warranty End Date', 'Contract End Date', and 'Description'. The table body is currently empty.

Identifying the Serial Number(s)

The **Validate Warranty and Entitlement** screen displays a text box, allowing the user to conduct a search for a serial number or series of serial numbers

Step 2: Type the serial number(s) in the text box

Step 3: Click on SUBMIT

prctest 4242018 | ⚙️ | 🌐 English

HOME REPAIR ORDERS REPAIR STATUS ASSETS CONTRACTS VALIDATE WARRANTY AND ENTITLEMENT

CHECK SERVICE AND SUPPORT COVERAGE EXPORT

Look up warranty and entitlement by one or more serial numbers separated by comma.

How to find your serial number?

Enter multiple values separated by comma/new line. For instance

123456,234567
34566777,1367123

SUBMIT RESET

Utilize a comma (,) to separate the multiple values

Serial	Product Model	Job Type	Warranty End Date	Contract End Date	Description
--------	---------------	----------	-------------------	-------------------	-------------

Viewing the Warranty and Entitlement Information

The **Validate Warranty and Entitlement** screen refreshes and displays the warranty or entitlement information in the **Search Result** section. View the **Job Type** field for warranty or entitlement information

The screenshot shows the ZEBRA 'VALIDATE WARRANTY' interface. On the left, there is a search form with the text 'Look up warranty and entitlement by one or more serial numbers separated by comma.' and 'How to find your serial number?'. The input field contains the serial number '1520100504021'. Below the input are 'SUBMIT' and 'RESET' buttons. An 'EXPORT' button is located above the table. The table has the following data:

Serial	Product Model	Job Type	Warranty End Date	Contract End Date	Description
1520100504021	LS3408-ER2000...	Billable			

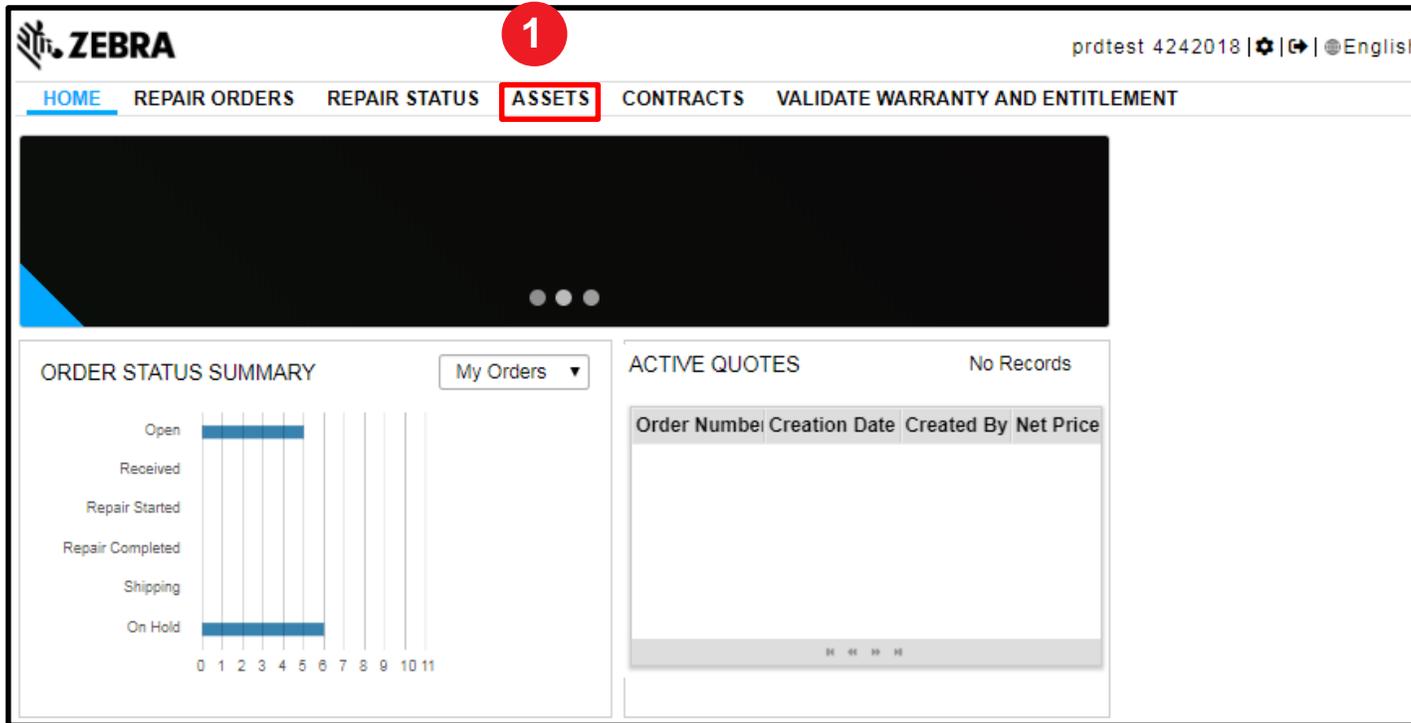

If the **Job Type** field reflects Billable, the unit is not entitled for repair. The repair for the device will be charged to the customer. When a repair is requested, payment information is required.

The **Job Type** field reflects the warranty or entitlement information for the serial number. The following values display: Billable, Contract or Warranty.

Utilizing the Assets Tab for Warranty or Entitlement Information

The **Assets** tab can be utilized to conduct a search to view warranty or entitlement information for a serial number or series of serial numbers. The following information outlines the process to conduct a search in the **Assets** tab

Step 1: Access the **Assets** tab

The screenshot displays the Zebra Repair Order Portal interface. The top navigation bar includes the Zebra logo, a user ID 'prctest 4242018', and language settings. The main navigation menu has several tabs: HOME, REPAIR ORDERS, REPAIR STATUS, **ASSETS** (highlighted with a red box and a red circle containing the number 1), CONTRACTS, and VALIDATE WARRANTY AND ENTITLEMENT. Below the navigation bar, there is a large blacked-out area. The main content area is divided into two sections: 'ORDER STATUS SUMMARY' and 'ACTIVE QUOTES'. The 'ORDER STATUS SUMMARY' section shows a bar chart with categories: Open, Received, Repair Started, Repair Completed, Shipping, and On Hold. The 'ACTIVE QUOTES' section shows a table with columns: Order Number, Creation Date, Created By, and Net Price, and a message 'No Records'.

NOTE: Restrictions may apply and limit a users ability to view serial number within the **Assets** tab. If serial number information does not display after conducting a search, conduct an alternate search using the **Validate Warranty and Entitlement** tab

Available Search Criteria in the Assets Tab

The **Assets** screen displays, presenting a list of serial numbers linked with the user's account. Users can click on a displayed serial number to view information or conduct a search if the desired serial number does not display. The following search filters available for selection:

- **Serial #:** Search by serial number of the product
- **Product:** Search by model of the product. A partial or wildcard search can be conducted. A list of serial numbers may display based on the executed search
- **Site:** Search by installed site address. A list of serial numbers may display based on the executed search
- **Order #:** Search by a service order number. A list of serial numbers may display, if multiple serial numbers were listed on the service order

The screenshot shows the Zebra Repair Order Portal interface. At the top, there are navigation tabs: HOME, REPAIR ORDERS, REPAIR STATUS, ASSETS (selected), and ENTITLEMENT. Below the navigation, there is a search bar with a dropdown menu for 'Filter Type' and a text input field for 'Filter Value'. A blue callout box points to these fields with the text: 'Utilize the **Filter Type** and **Filter Value** fields to conduct a search for a serial number'. Below the search bar, there is a table of assets. The first row of the table is highlighted in blue. A blue callout box points to the first cell of this row (the serial number) with the text: 'Click on the serial number to view entitlement or warranty information'.

Serial #	Product	Account#	Account Name	Owner Name	Installed Site #	Installed Site Name	Address Line 1	Address Line 2	City

Accessing Warranty or Entitlement Information

The **Assets** screen refreshes. If the search retrieves results, serial number information displays

Step 5: Click on the serial number in the **Serial #** field to display the serial number details

The screenshot shows the 'ASSETS' interface. At the top left, the word 'ASSETS' is displayed with a red circle containing the number '5'. Below this, there is a search area with an 'EXPORT' button (highlighted with a red box), a 'Serial #' dropdown menu, a search input field containing '0A0F83C9C65', and a 'FIND' button. A callout box points to the 'EXPORT' button with the text: 'Click on *Export* to create a file of the search results'. Another callout box points to the search input field with the text: 'If the serial number does not display after conducting a search, conduct an alternate search within the Validate Warranty and Entitlement tab'. Below the search area is a table with the following data:

Serial #	Product Name	Account#	Account Name	Owner Name	Installed Site #
0A0F83C9C65	LA-4137-1020-WW	1356962	ZEBRA TECHNOLO...	ZEBRA TECHNO...	1070112119

Viewing Serial Number Details

The *Serial Number Details* screen displays the serial number information

The screenshot shows the ZEBRA Repair Order Portal interface. At the top right, it displays 'prctest 4242018' and 'English'. The navigation bar includes 'HOME', 'REPAIR ORDERS', 'REPAIR STATUS', 'ASSETS' (highlighted), 'CONTRACTS', and 'VALIDATE WARRANTY AND ENTITLEMENT'. A 'BACK' button is located below the navigation bar.

The main content area is divided into three columns:

- ASSET DETAILS:** Serial # 0A0F83C9C65, Status Active, Ship Date, Product Name LA-4137-1020-WW, Product Description RADIO:T3 CF,IA,WW.
- ACCOUNT DETAILS:** Account Name, Owner name displays, Owner, Owner name displays.
- INSTALLED SITE:** Site# 123454321, Store#, 30 PLAN WAY, WARWICK, RI, United States.

Below the main sections are two tables:

- WARRANTIES:** 1 - 1 of 1. Filter Type dropdown, Filter Value input, FIND button. Table with columns: Type, Subtype, Start Date, End Date. Row: Standard, 27-06-2002, 27-06-2003.
- ENTITLEMENTS:** No Records. Filter Type dropdown, Filter Value input, FIND button. Table with columns: Type, Service Ho, Start Date, End Date, Agreement, Agreement S.

The following information outlines how to locate warranty and entitlement information for the serial number

Viewing Warranty Information

Once the serial number is accessed, product warranty information is accessible by clicking on the **Warranty** tab

The serial number information displays at the top of the screen and displays regardless of selected tab

The screenshot displays the Zebra Repair Order Portal interface. At the top left is a 'BACK' button. The main content is divided into three columns: 'ASSET DETAILS', 'ACCOUNT DETAILS', and 'INSTALLED SITE'. Below these are two tabs: 'WARRANTIES' and 'ENTITLEMENTS'. The 'WARRANTIES' tab is active, showing a table with columns for Type, Subtype, Start Date, and End Date. A red box highlights the 'Start Date' and 'End Date' columns in the table. A blue callout points to the 'Serial #' field in the 'ASSET DETAILS' section. Another blue callout points to the 'Start Date' and 'End Date' columns in the 'WARRANTIES' table. A third blue callout points to the 'ENTITLEMENTS' tab.

Type	Service Ho	Start Date	End Date	Agreement	Agreement S
------	------------	------------	----------	-----------	-------------

The **Start Date** and **End Date** fields display warranty coverage dates

If the warranty has expired, access the **Entitlements** tab to determine if the serial number is entitled through an active service contract

Viewing Entitlement (Service Contract) Information

Once the serial number is accessed, entitlement information is accessible by clicking on the **Entitlements** tab. Service contract information may or may not display, depending on the status of the serial number

The screenshot displays the following sections:

- ASSET DETAILS:** Serial # 1520100504021, Status Active, Ship Date 23-07-2015, Product Name LS3408-ER20005R, Product Description SCNR:EXT RANG,M-INTFC,CORDED,CL2,YEL
- ACCOUNT DETAILS:** Account Name (Owner name displays), Owner (Owner name displays)
- INSTALLED SITE:** Site# 123454321
- WARRANTIES:** 1 - 1 of 1 records. Table with columns: Type, Subtype, Start Date, End Date. Row: Standard, 23-07-2015, 21-10-2018.
- ENTITLEMENTS:** Table with columns: Type, Service Hours, Start Date, End Date, Agreement, Agreement Status. A red box highlights the Agreement column.

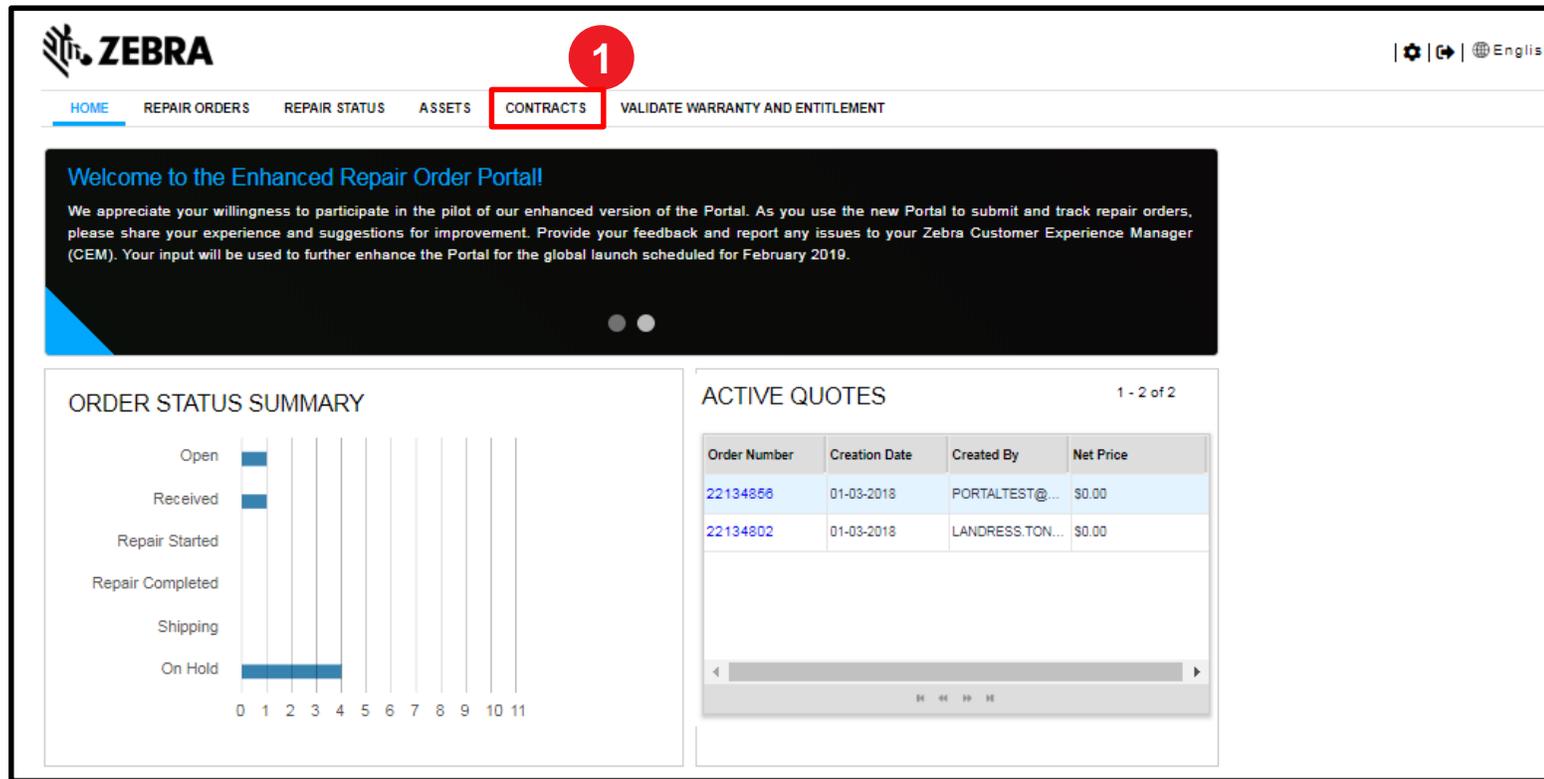

Callouts provide the following information:

- The **Start Date** and **End Date** fields display the start and end date of the service contract.
- The **Agreement Status** field displays the status of the service contract. If the service contract is active, the serial number is covered by the services associated with the service contract.
- The **Agreement** field displays the service contract number.

Utilizing the Contracts Tab for Entitlement Information

The **Contracts** tab can be utilized to conduct a search to view entitlement information associated with a service contract. The following information outlines the process to conduct a search in the **Contracts** tab

Step 1: Access the **Contracts** tab

The screenshot shows the Zebra Repair Order Portal interface. The Zebra logo is in the top left, and the language is set to English in the top right. The navigation menu includes HOME, REPAIR ORDERS, REPAIR STATUS, ASSETS, **CONTRACTS** (highlighted with a red box and a red circle with the number 1), and VALIDATE WARRANTY AND ENTITLEMENT. Below the navigation is a welcome message: "Welcome to the Enhanced Repair Order Portal" followed by a paragraph of text. The main content area is divided into two sections: "ORDER STATUS SUMMARY" and "ACTIVE QUOTES".

ORDER STATUS SUMMARY

Status	Count
Open	1
Received	1
Repair Started	0
Repair Completed	0
Shipping	0
On Hold	4

ACTIVE QUOTES 1 - 2 of 2

Order Number	Creation Date	Created By	Net Price
22134856	01-03-2018	PORTALTEST@...	\$0.00
22134802	01-03-2018	LANDRESS.TON...	\$0.00

NOTE: Restrictions may apply and limit a users' ability to view service contract information within the **Contracts** tab. If service contract information does not display after conducting a search, conduct an alternate search using the **Validate Warranty and Entitlement** tab

Available Search Criteria in the Contracts Tab

The **Contracts** screen displays, presenting a list of service contracts linked to the user's account. Users can click on a displayed service contract to view information or conduct a search if the desired service contract does not display. The following search filters available for selection:

- **Contract Number:** Search by service contract number
- **Status:** Search by status: Active, Inactive, Cancelled, or Expired
- **PO Number:** Search by the purchase order number listed on the service contract
- **Billing Frequency:** Search by billing frequency: One Time, Annual, Bi-Annual, Monthly, or Quarterly
- **Currency:** Search by currency value

The screenshot shows the 'CONTRACTS' interface. At the top, there is an 'EXPORT' button, a 'Filter Type' dropdown menu, a 'Filter Value' input field, and a 'FIND' button. Below this is a table with columns: Contract #, Revision, Creation Date, Status, Start Date, End Date, and End User. The table contains several rows of contract data. A red box highlights the 'Filter Type' and 'Filter Value' fields. A blue callout box points to these fields with the text: 'Utilize the Filter Type and Filter Value fields to conduct a search for a service contract'. Another blue callout box points to the 'Contract #' column with the text: 'Click on the service contract number to view contract information'.
