

MC32N0 ANDROID BSP 0003 RESET PACKAGE RELEASE NOTES

INTRODUCTION

The Zebra MC3200 Series brings cost-effective mobility and user comfort to key-based applications within the four walls. The rugged and ergonomic MC3200 offers advanced computing power and data capture capabilities. The MC3200 introduces Android Jellybean 4.1.1 to the MC3x product line and leverages features from the Zebra family of Android products.

This release contains the Recovery mode and MSP deployment packages for performing an Enterprise or Factory reset on the MC32.

DESCRIPTION

The Factory reset package will erase all user data and configuration on the device excluding the external SD card. The Enterprise reset package is the same as Factory reset except that the Enterprise folder is not erased.
